今回、火竜カラーで
赤色いっぱいなのに
なんか地味な感じが
するのはなぜでしょう。
ちなみにイフロフは業火と言うより
囲炉裏の火とか、
たき火とかのイメージがあります。
そして、なぜか正装の装備に
鍛冶道具を持っています。

I don't know!
Don't ask me!
Why is it that the fire dragon is the main character on the cover, yet there are no stories about the fire dragon house!?
Oi, Argina, you are the main female character!?
What kind of situation is this!?

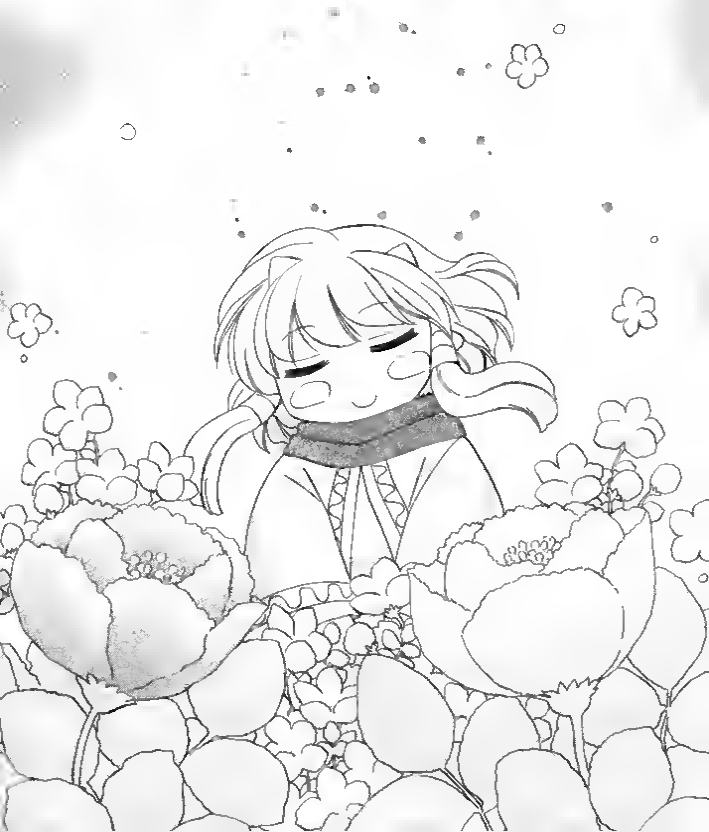
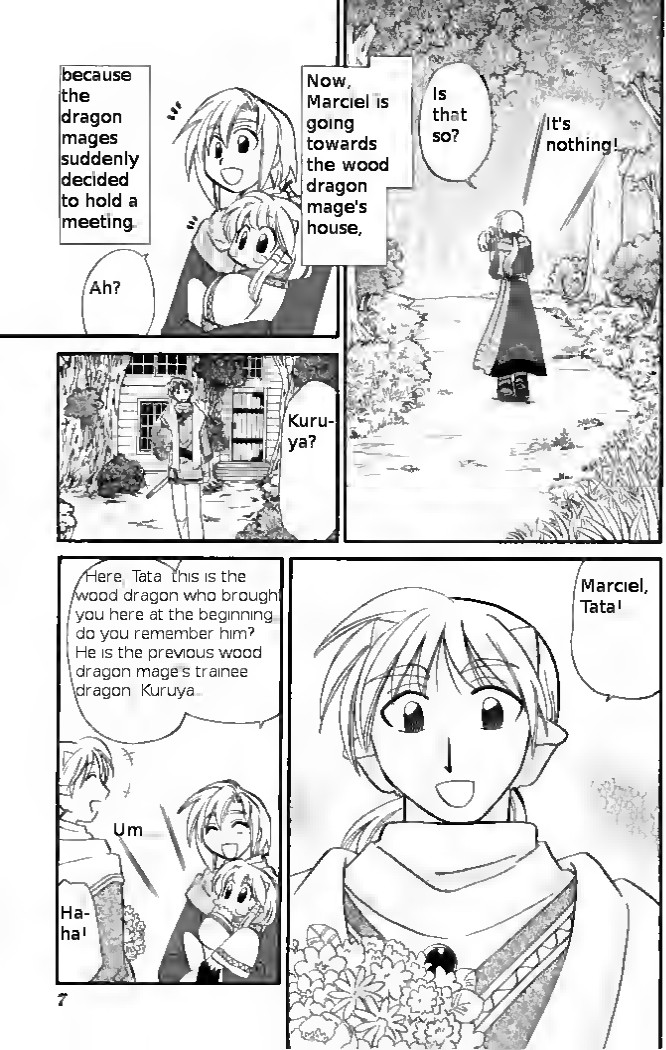
第46話 Tata and the language of flowers part 1
～タータと花の言葉 前編～



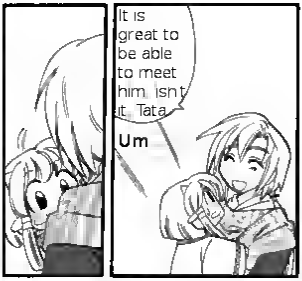
when I heard again that he was serious about it, I was a bit shocked.
"Marciel is trying his best to let all 7 dragons become his trainee dragons", although the one who didn't believe in it was Nata,
No! What is more shocking is Nata's face when trying hard to hide his happiness
But, what I felt was more interest-ing
What is it, Tata?
fu fu fu



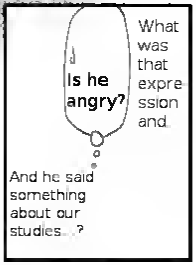
because the dragon mages suddenly decided to hold a meeting.
Ah?
Now, Marciel is going towards the wood dragon mage's house,
Is that so?
It's nothing!
Kuru-ya?
Here, Tata. this is the wood dragon who brought you here at the beginning. do you remember him? He is the previous wood dragon mage's trainee dragon, Kuruya.
Um
Ha-ha!
Marciel, Tata!

Oh!
I'm here to congratulate Raseult, but since this is a rare chance, I wanted to greet the wood dragons in Corseltel too
Ah?
You might not have remembered me, since you where just an egg then.
But you are here at the right time! I'm just about to go and find Tata
Why did you bring a baby dragon here?
Yes
Yes. Marciel, you are here for the meeting at the wood dragons' house?
Ah!
Yes!
It's great seeing you in great spirits. How are you? Did you get along well with your siblings?
Then that's good
Oh. Marciel is really amazing, he would think about the baby dragons, and yes... You have also written to the elders saying that you want to start learning the more advanced dragon magics
Because the meetings usually go overnight, he always brings me here, so I can play with the wood dragons for a long time!

The elders hold much expectati ons of you
and perhaps a bit too much
The dragon tribe residents are very happy and said you want you to be in charge of Tata's future education
Ah Yes
But Rasuelt will surely send Morin-san over, wouldn't it be better if you wait for him here?
Ah...
Alright, since I've already met Tata, I should go directly to the light dragon house now
Then, see you the next time, Marciel, Tata
Oh
Ah, it's al-right.
Solia is also in Corseltel, we have agreed to go over together



Nata said Marciel wanted us to learn more advanced magics. it must be for preparation for us to become trainee

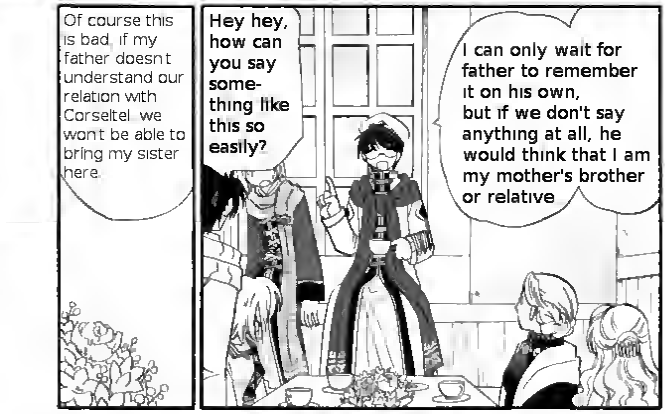


In the end, just like Sata said, we have to start thinking about how to help him out secretly...
Since Marciel is keeping it a secret we should not let the other dragon mages know about it too.
If he knows we know about it too, to not let us be disappointed, he will try his best to let it succeed...
This plan has to be kept a secret from anyone
Tata!
Good afternoon, Marciel-san!
Welcome, Tata!
Now?
I have a bad feeling... or am I thinking too much about it?

but it seems like my sister will succeed me one day, and become the wind dragon mage
It might be too early now,

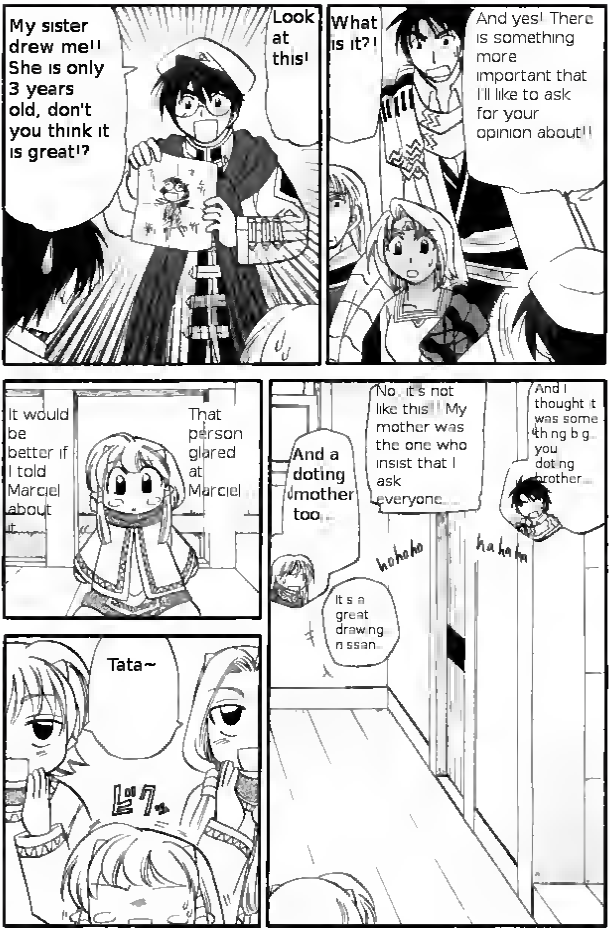
Her qualities for wind dragon magics is quite strong, without learning, she can control the wind,
ever since she discovered this, my mother taught her a bit, seems like she will be more suitable for this world instead of the human world

Uncle doesn't know that Milieu-nissan is his son!?
Ah!? Even about Milieu-nissan...
ohaha
But there are still many problems my sister is still young, and my father have not remembered much of the past
Yes.

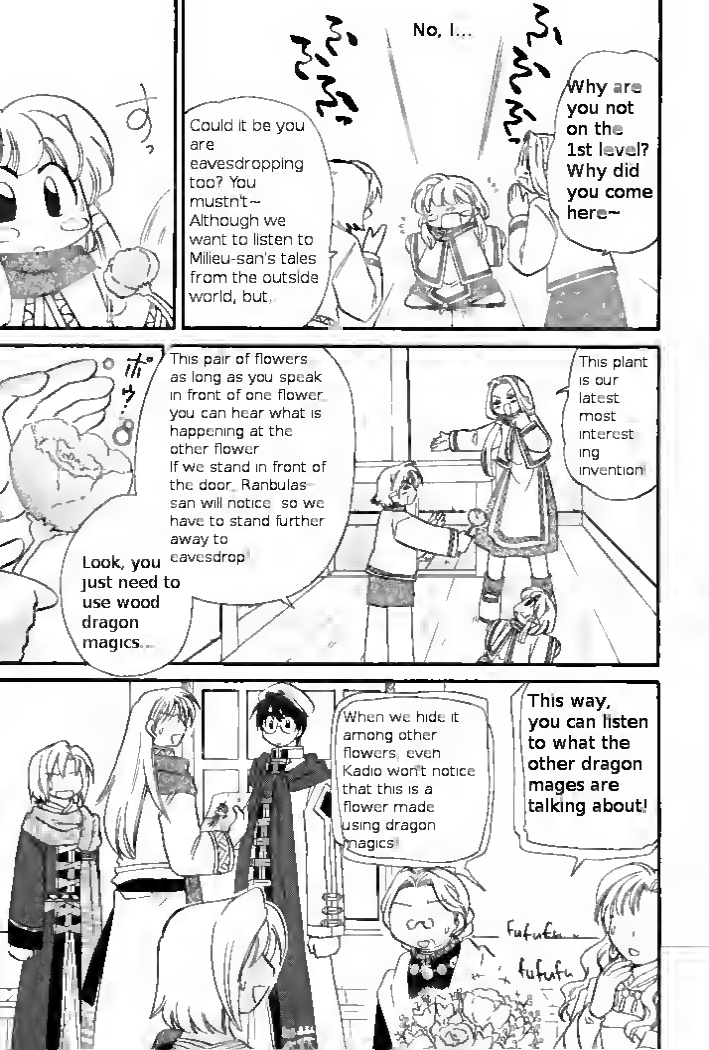


Of course this is bad, if my father doesn't understand our relation with Corseltel, we won't be able to bring my sister here.
Hey hey, how can you say some-thing like this so easily?
I can only wait for father to remember it on his own, but if we don't say anything at all, he would think that I am my mother's brother or relative

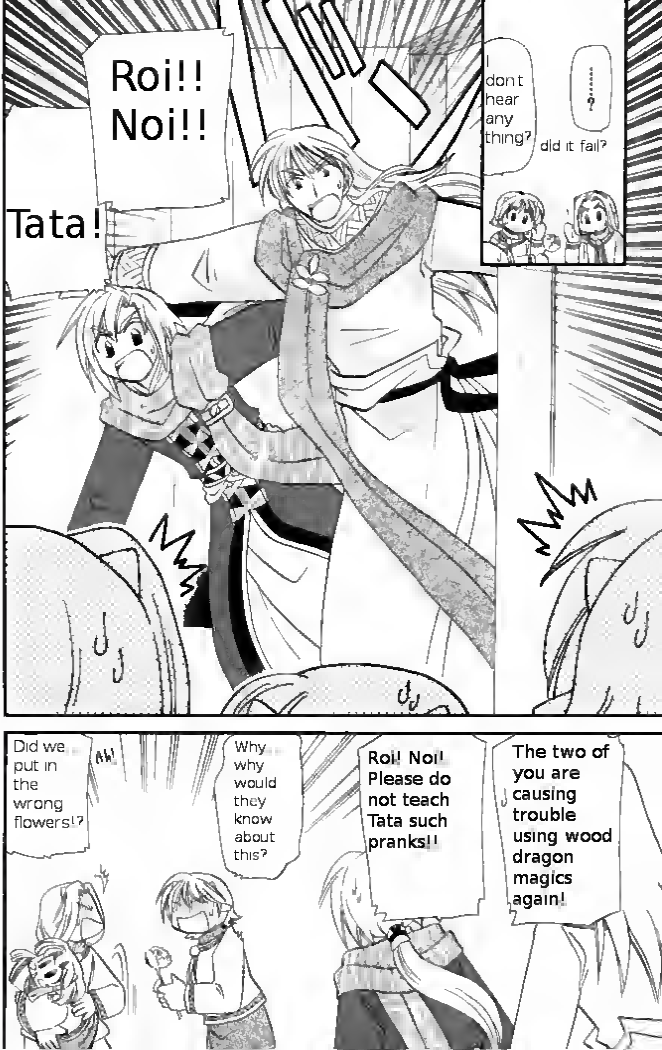
Seems like I'll be leaving Corseltel quite often in the future



My sister drew me!! She is only 3 years old, don't you think it is great!?
Look at this!
What is it?!
And yes! There is something more important that I'll like to ask for your opinion about!!
It would be better if I told Marciel about it...
That person glared at Marciel
And a doting mother too...
No, it's not like this!! My mother was the one who insist that I ask everyone...
And I thought it was something big... you doting brother...
hahaha
hahaha
It's a great drawing, Nissan.
Tata~

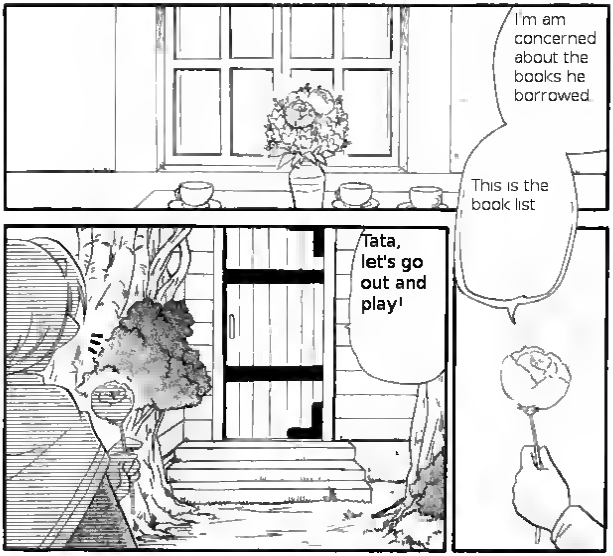


No, I...
Why are you not on the 1st level? Why did you come here~
Could it be you are eavesdropping too? You mustn't~ Although we want to listen to Milieu-san's tales from the outside world, but,
This plant is our latest most interesting invention!
This pair of flowers as long as you speak in front of one flower, you can hear what is happening at the other flower If we stand in front of the door, Ranbulas-san will notice, so we have to stand further away to eavesdrop!
Look, you just need to use wood dragon magics...
This way, you can listen to what the other dragon mages are talking about!
When we hide it among other flowers, even Kadio won't notice that this is a flower made using dragon magics!
Fufufu...
fufufu



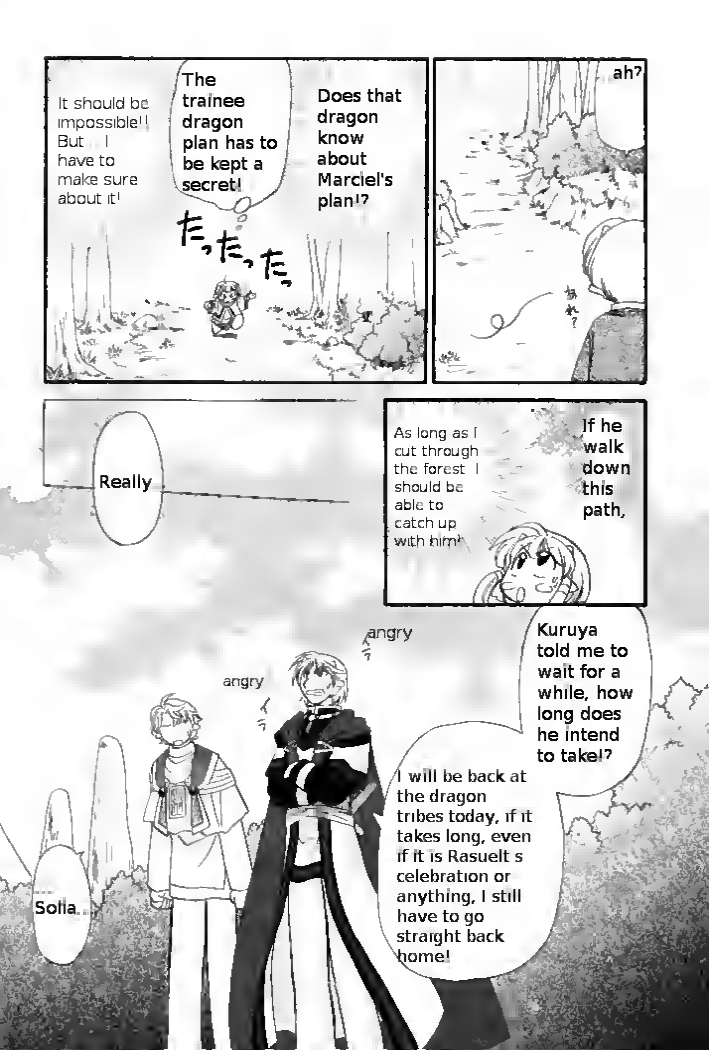
Roi!!
Noi!!
Tata!
I don't hear any thing?
.....?
did it fail?
Did we put in the wrong flowers!?
Why why would they know about this?
Roi! Noi! Please do not teach Tata such pranks!!
The two of you are causing trouble using wood dragon magics again!

Stay right there!
Roi! Noi! Put Tata down!
Wait!
Tata!
No matter what...
Let's escape first!
I have something to ask of everyone's opinions
Actually, Marciel has been borrowing books from my house recently
This is amazing there are eavesdropping wood dragon magics too!
Ahaha
What a headache
Too ?
Yes since the time is right now



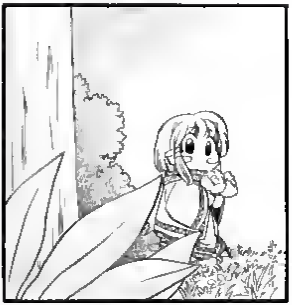
I'm am concerned about the books he borrowed.
This is the book list
Tata, let's go out and play!
Yes, it will be fun to play with them.
They made a lot of them too.
Strange?
Roi and Noi will never learn, although they are usually scolded, but they still made such flowers.
But these flowers are really fun~
Yup!

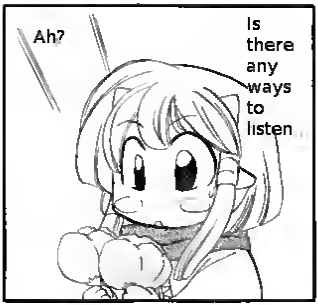
Yes, there is this kind of flower in that person's bouquet
What are you saying, Lotto
Kuruya left early in the morning
But... strange?
Huh?
It's Kuruya!
You must have seen wrongly!
And about Kuruya yes!
He seems very concerned about who Marciel-san will be choosing.
If it is Tata, it will be great-
Ah?
Tata, he asked us many questions, like how is it at Marciel-san's house, what is he doing, etc...
And he said Marciel-san should be choosing his trainee dragons already



It should be impossible!! But I have to make sure about it!
The trainee dragon plan has to be kept a secret!
Does that dragon know about Marciel's plan!?
ah?
Really
As long as I cut through the forest I should be able to catch up with him!
If he walk down this path,
angry
angry
Kuruya told me to wait for a while, how long does he intend to take!?
I will be back at the dragon tribes today, if it takes long, even if it is Rasuelt s celebration or anything, I still have to go straight back home!
Solia...

Kuruya!
Hey Sorry, I've made you wait for a long time.
No, I'm only sending her home in the evening
You too! Aren't you supposed to send the light dragon mage over? Just send her home directly after this
Since I caught up with them...
They are just standing there, talking
Ah! I've found them!!
What are they talking about?
What, what should I do?
.....

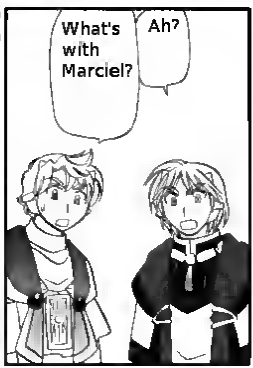




Ah?
Is there any ways to listen

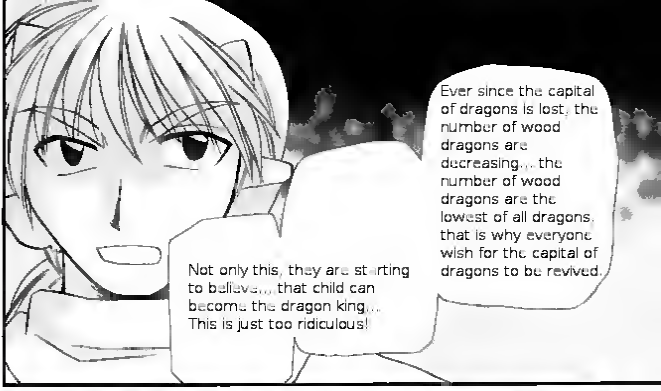
fufufu

It is strange enough that he has the qualities of all 7 dragons. That is comparing to other people.
Like which baby dragon does he dote more on?
I'm asking you, do you notice anything wrong with him?

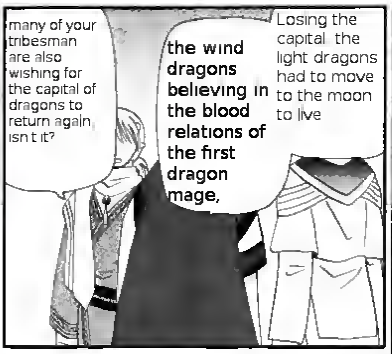


What's with Marciel?
Ah?

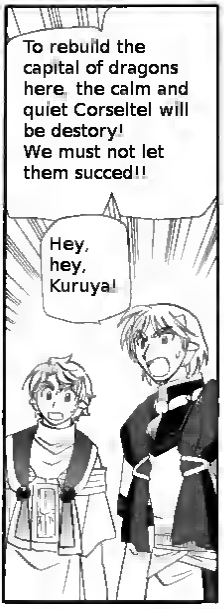
He can revive the capital of dragons!
Aside from this, the spirit of the human realms, dragon king's dragon mage, and the soldier from the monster army, their spirits have also awakened.
those who had lived in the capital of dragons at its peak, they have all gathered at the side of the dragon mage who can bring up the dragon king, which means
That is not what I mean.
You should know this too, the great spirit of the land has just awakened
And I thought what you are going to talk about, Marciel won't do something like this.
What doesn't matter is not his will, but the expectations of the city of dragons
Ah ha ha
hahaha
あーはっはっ
あはははっ
ドクン



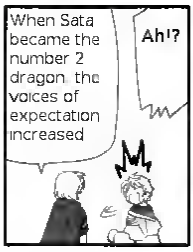
Ever since the capital of dragons is lost, the number of wood dragons are decreasing... the number of wood dragons are the lowest of all dragons, that is why everyone wish for the capital of dragons to be revived.
Not only this, they are starting to believe... that child can become the dragon king... This is just too ridiculous!



many of your tribesman are also wishing for the capital of dragons to return again, isn't it?
the wind dragons believing in the blood relations of the first dragon mage,
Losing the capital the light dragons had to move to the moon to live



To rebuild the capital of dragons here, the calm and quiet Corseltel will be destory!
We must not let them succed!!
Hey, hey, Kuruya!



When Sata became the number 2 dragon, the voices of expectation increased
Ah!?

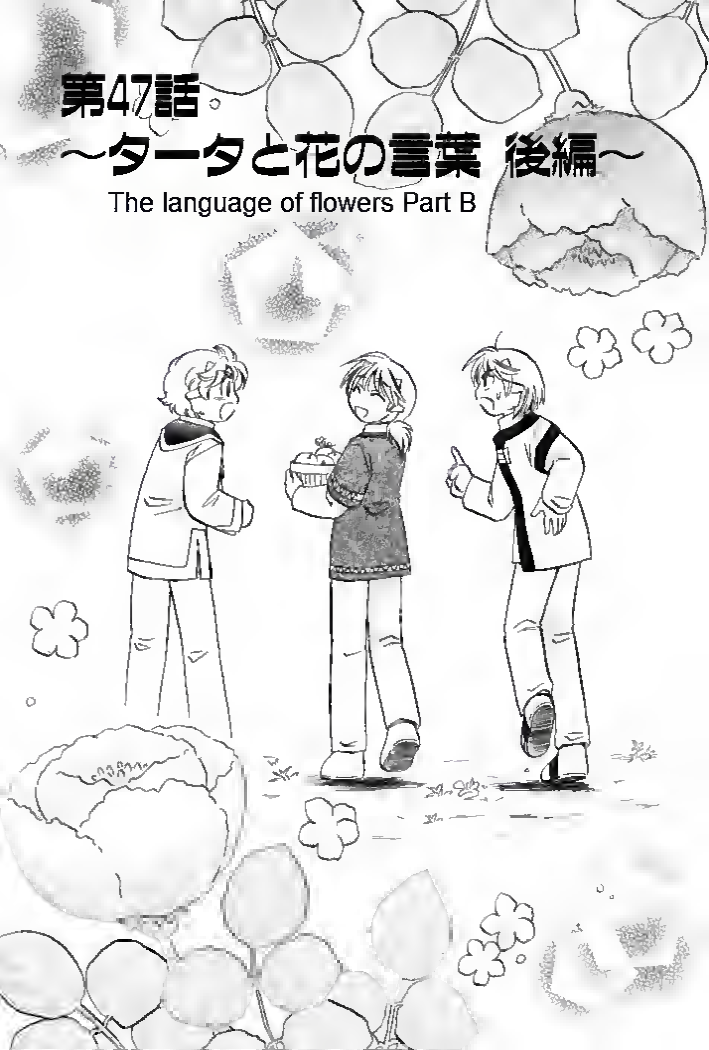
... yes
There... there is no such thing

If it is not just one or two people?
Yes, Kuruya, you need not worry this much.
And, even if there is a dragon king and a dragon king's dragon mage, with just one or two people, who can the capital be rebuilt?
It is not as much of 'expectation', but more of a 'dream'... They can only dream about it when they sleep at night.
If there is a dragon king from each dragon tribe—
If every single tribe takes action, and they all look forward to the capital's revival, who can stop them?
Corseltel does not need the 8th dragon mage, it is not too late to take action now

just like... when the previous wind dragon mage's partner betrayed Corseltel, we should do the same, as long as we wipe out his memories of this place.
and send him out, everything will be fine.

第47話
～タータと花の言葉 後編～

The language of flowers Part B



Chase Marciel...
out of Corseltel!?
If anything happens, I think this is the best solution If the worse case scenario happens-
Kuruya!
You are too unreasonable!!
Ran-suelt!

Clam down, Ransuelt.
Marciel is not someone who is controlled easily, nor someone who will cause trouble in Corseltel!!
You should know he is a kind dragon mage who loves baby dragons much!!
Why do you have such thoughts-

たったったっ
Marciel will be chased out!?
What is that dragon saying?
Although I don't understand much...
But he said such a horrible thing about chasing Marciel out!
He is actually such a horrifying dragon...
Tata, where are you?
Tata!
I'm sorry! I'm sorry!
I didn't watch Tata well, that's why she disappeared...

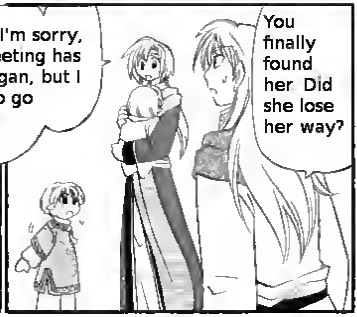
Tata!
Kini, don't cry We'll find Tata soon, so don't worry, alright?
Waaaaaaaaah
Tata! I've been looking for you, where were you-
It's great that you're fine, Tata!
Tata!!
I want to go home

Tata?

Tata, so you are here!
Ah I heard sounds over here
Kadio, Roi!

I want to go home

Ah?
Kadio, I'm sorry, the meeting has just began, but I have to go home
Tata doesn't seem to be feeling well



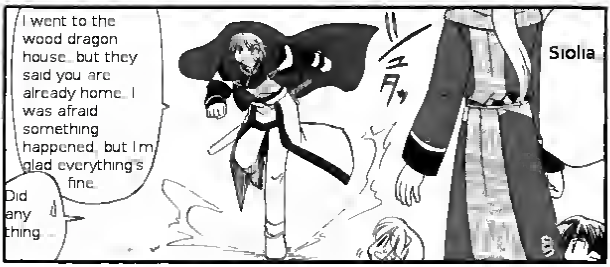
You finally found her Did she lose her way?

Kuruya is also staying tonight, and said he will play with everyone
Kini, everything is fine now
m sorry!
m sorry!
Tata must have been frightened because she got lost!
Yes... she doesn't look good, go let her rest
I'm sorry for the trouble, Kadio
Be careful on your way home
Marciel, I'll inform everyone, bring her home quickly
Alright, alright, Tata
I want to go home
Tata
Once we reach home
Everyone is at home even if that wood dragon comes to bully Marciel I won't be afraid

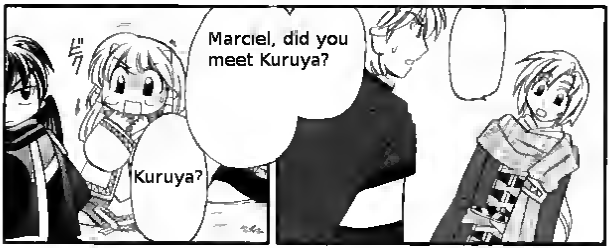
Because... I want to let Ata and everyone look at those pretty flowers... I wanted to go home quickly and lost my way
Um...
Ah!? Um...
You don't have a fever, did you get hurt? Are you feeling uncomfortable?
Why did you disappear suddenly? Kini was crying and felt that he was responsible for it and everyone is worried too. We were all looking for you
Is that so
Um... then I was afraid, and started walking round and round, and got tired, and I lost the flowers...

Marciel
Why is he out here with a wood dragon?
Let's go home quickly to rest
Unless the eaves-dropper just now was
Tata doesn't feel well, so we came back
Didn't you go for the meeting!?
What happened!?
Tata!
Marciel!?
!?

You went home directly? This is great!!
Marciel!
Granny Fure. Actually, Tata-
Ah, Marciel? Why are you....

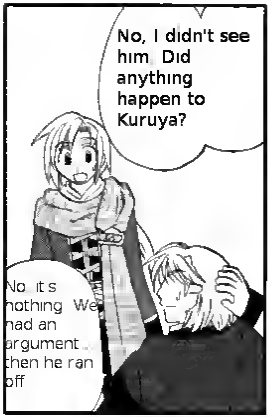


I went to the wood dragon house, but they said you are already home. I was afraid something happened, but I'm glad everything's fine.
Did any thing...
Siolia



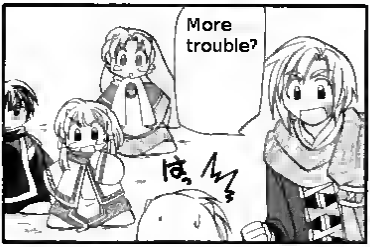
Marciel, did you meet Kuruya?
Kuruya?

I can't stand him! He had always been like this every time he is worried he keeps thinking about the worse case scenario and end up creating more trouble...
Ah!? He ran off!?



No, I didn't see him. Did anything happen to Kuruya?
No, it's nothing. We had an argument... then he ran off

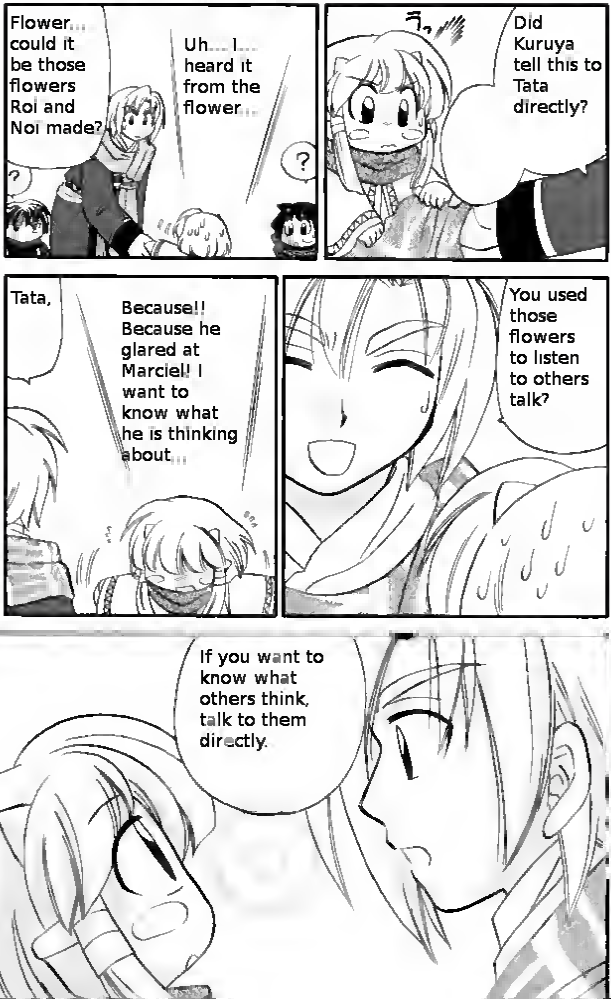
This time it's better than the past where he thought too much and made the wrong choices. but it's so troublesome! A wood dragon hiding in the forest with just me and Ransuelt we won't be able to find him!
I'm sorry, I have to go
Ah!!



More trouble?
Ha...

I remember... he used to hide in the forest and cry alone...

Marciel! You are planning to find him, and comfort him right!?
You mustn't!! He is a bad dragon!!
Mar,
Hiding in the forest alone
Marciel! You can't go!
Wait, Nata
Tata
What what did you say?
He is a bad dragon who wanted to chase Marciel away from Corseltel!!



Flower... could it be those flowers Roi and Noi made?
Uh... I... heard it from the flower...
?
?
Did Kuruya tell this to Tata directly?
Tata,
Because!! Because he glared at Marciel! I want to know what he is thinking about...
You used those flowers to listen to others talk?
If you want to know what others think, talk to them directly.

You don't know what expression Kuruya was wearing when he said those words, right? Perhaps he is sad, or he felt bad?
You only overheard a bit of their words, you don't know what they are talking about in whole.
Perhaps he might even be lying.
Maybe, after saying those words, he ran off,
just like Tata

But I can't pretend I didn't hear it!!
Even if he is just lying, he actually said to chase Marciel away, I CAN'T FORGIVE HIM!
Nata... Don't be so angry, I won't be chased away, so don't worry about me.
Everyone, let's look for Kuruya,
and listen to what he has to say

Since he loves dragons, he might just accept the expectations of the dragon tribe.

Nurturing the dragon king staying in the dragon capital then the baby dragons won't have to return to their homelands

Marciel himself actually overheard those words

And he can stay with more dragons. Could he have thought of this before?

Kuruya

If you are at a loss you should talk to someone else

Perhaps then, all your worries will be resolved Kuruya

I thought about it that's why I talked to Ransuelt and Siolia but it ended up like this

Clau-dina

You mustn't always worry on your own

You have lots of friends you can discuss your problems with!

Marciel, where are we?
This is the previous wood dragon mage's grave... Granny Claudina's resting place.
Marciel
But I remember Kuruya because he always brings meals over
Bring meals!?
!?
Because brother doesn't know how to cook.
I don't remember much about Granny Claudina, because I was still very small...
The previous wood dragon mage... Does Marciel know her well?
And Granny Claudina is very weak, she she isn't out often.
Marciel!? Why is he here
Kuruya is a very gentle dragon.

That time, the wood dragon mage Granny Cluadina fell sick often. He was her trainee dragon for a long time, and was always by her side supporting her.
He was the oldest among the trainee dragons. Even if he was very busy, he still cared much about others and is a very serious elder brother.
For important stuff, he will always find others to discuss with. This was what Ransuelt told me.
Ransuelt...
But!
Maybe it's the same this time too.
He actually said such things behind our backs!
I'm also shocked by this.
ahaha
Siolia!?
Siolia said he is a crybaby!!
his.
This is not important!! We have to find him quickly, and ask him what he meant by 'chasing Marciel away' that Tata overheard!?
Ah! Right.

I can feel that he is around this area... Tata, lend me your power.
If he hid his presence and stay in the tress, I won't find him unless I use wood dragon magics.
The one who heard it was Tata?
Wa!

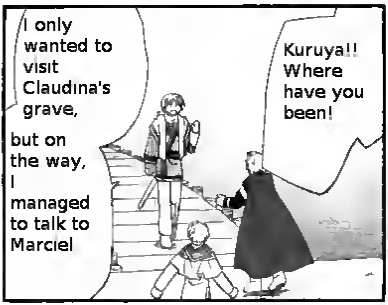
Ku, Kuruya !?
This is just a simple wall, it is harmless to the baby dragons.
Will every one be fine ?
They will be fine.
What? A wall of leaves!?
That's why I'm worried! Just for your dragons, you might revive the city of dragons!!
If its so, the Corseltel that Claudina love will
I understand you heard that I could be here hiding and crying
That's why you are here with your dragons isn't it?
Siolla so that's why you are here
Siolla is very worried about you he is looking all over for you!
You pamper your dragons too much!

If you really nurture a dragon king, and destroy this calm and peaceful Corseltel, I really will... you...
Dragons... really over-estimated me.
I won't be like Granny Claudina and die of old age in Corseltel
I am just a normal dragon mage. I'll only look after my 7 dragon babies till they grow up and be independent enough to find their own happiness

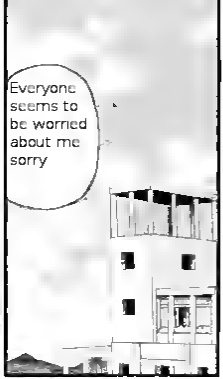
Marciel!
Marciel!
What... what is this!?
Then what should I do!?
Wait! Nata! This is too dangerous! Marciel is on the other side, if you use dark dragon magics you might hit him!
This is wood dragon magics... is he trying to hurt Marciel
shock

Wall of leaves, disappear!
Ah?
Kuruya, dispel this dragon magics at once! Tata won't be able to dispel it on her own!
She is worried about me so she is pushing herself
Tata!
Mar-ciel...
If... Your baby dragons wants to become the dragon king.
Or said something like reviving the dragon city is their goal in life.
What will you do?

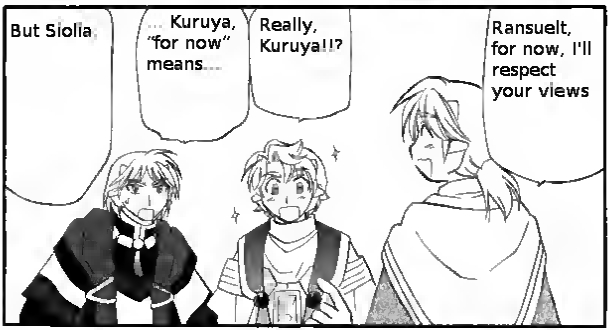
Marciel!
Chat!?
Is he still wearing that scary face!?
Don't worry, we only had a chat
It's Kuruya right!? It's Kuruya right!? Did he bully you!?
Every-one...
What! So he is a crybaby!
No... but he does look like he is going to cry...
Sata its not like this



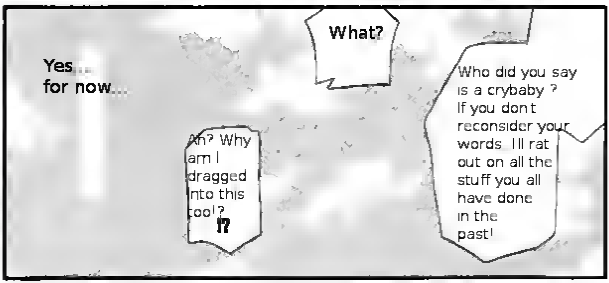
I only wanted to visit Claudina's grave,
but on the way, I managed to talk to Marciel
Kuruya!! Where have you been!



Everyone seems to be worried about me sorry



But Siolia
... Kuruya, "for now" means...
Really, Kuruya!!?
Ransuelt, for now, I'll respect your views



What?
Yes... for now...
Eh? Why am I dragged into this too!?
Who did you say is a crybaby ? If you don't reconsider your words I'll rat out on all the stuff you all have done in the past!

At the start, it was just a dream I have when I sleep together with the baby dragons,
a very warm dream
I'll slowly grow smaller,
tucked safely between two people whom I have a recollection of, but have never seen
This is that dream

Marciel's
memories

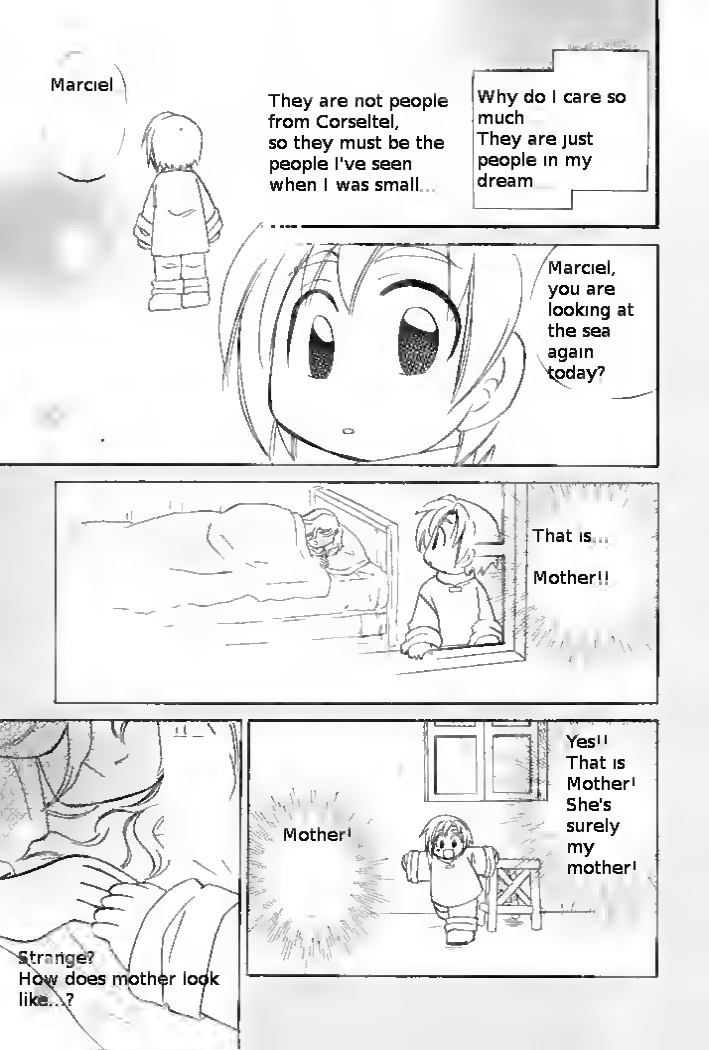
t·h.

dazed
Ah, good morning everyone
Morning! We are here to help prepare breakfast!
Good morning, Marciel!
わら
わら
Woah!
Huh? Ah!
Wah! It's burning!

That day, Marciel was acting strangely.

Ah!
So, the wood dragon must have told you something yesterday...
No, that's not it!
You have been in a daze since morning! If nothing happened, you won't be like this!
Ah? What what happened?
Everyone, go and play. What do you want to play today?
It has nothing to do with Kuruya, and I'm fine, really!
I kept remembering that dream, but I can't stop thinking of it...
It's all because of that dream
I'm fine

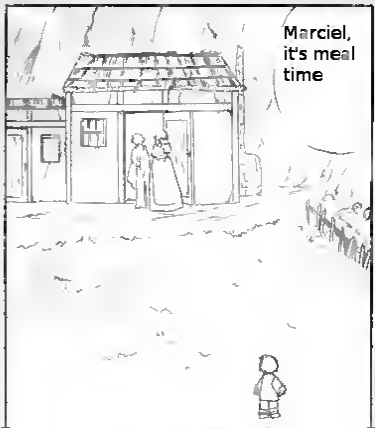
すぅ,
Yes, yes, Ranbalus will be here today, we should prepare some snacks
I mustn't let the baby dragons be worried!
Ah!
Wahhh
Marciel!!
!!
Why...
Mar



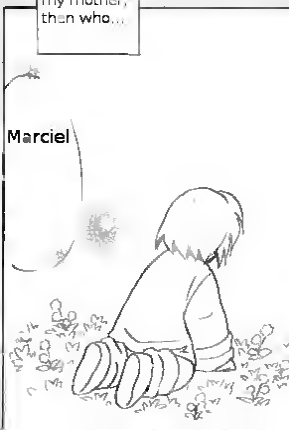
Marciel
They are not people from Corseltel, so they must be the people I've seen when I was small...
Why do I care so much
They are just people in my dream
Marciel, you are looking at the sea again today?
That is...
Mother!!
Yes!! That is Mother! She's surely my mother!
Mother!
Strange? How does mother look like...?

Mother!?
I can't remember...
Mother?

Mother...
I'm standing so close, why can't I see her face clearly!?
Unless, she is not my mother?
If she is not my mother, then who...



Marciel, it's meal time

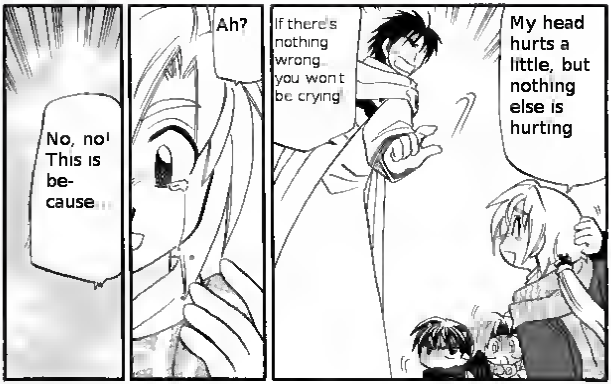


Marciel

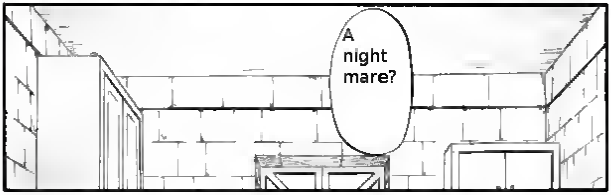
Once I see their faces, I'll remember!
How does Aunt look like?
How does Uncle look like?
Uncle is there too!?
Yes! There is a man in my dream too!!
Ah... she's my aunt!
Yes! The person in my dream is surely my aunt!
Marciel, it's meal time!
no
The man in my dream is grown up...
Uncle and aunt...
They died at an early age...

Mother's brothers and sisters were because of a disaster
Father, when I was born
Mother was of illness
It's strange I'm trying so hard to remember that fleeting dream
Everyone left, and I am all alone,
It is better to forget this dream!!
Because when I think of it, I can only remember sad things!!
Marciel
Hey, Marciel!!

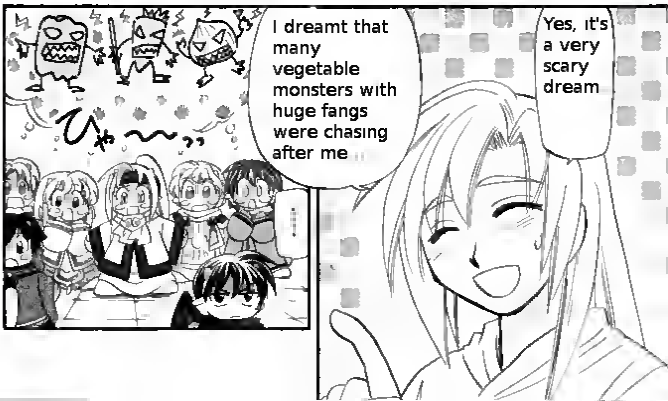
わーん,,
Waaaaahhhh
This is great, you're awake!
Ah?
And what are you asking, you just fell down from the stairs!
Hey, don't get up so suddenly!
Why is everyone crying... Ouch!
Ah? I, I'm fine!
You, one of you call Granny Fure over, if Kashi is there, ask him to fly over and get Kadio here too
Nn



No, no! This is be-cause...
Ah?
If there's nothing wrong... you won't be crying
My head hurts a little, but nothing else is hurting



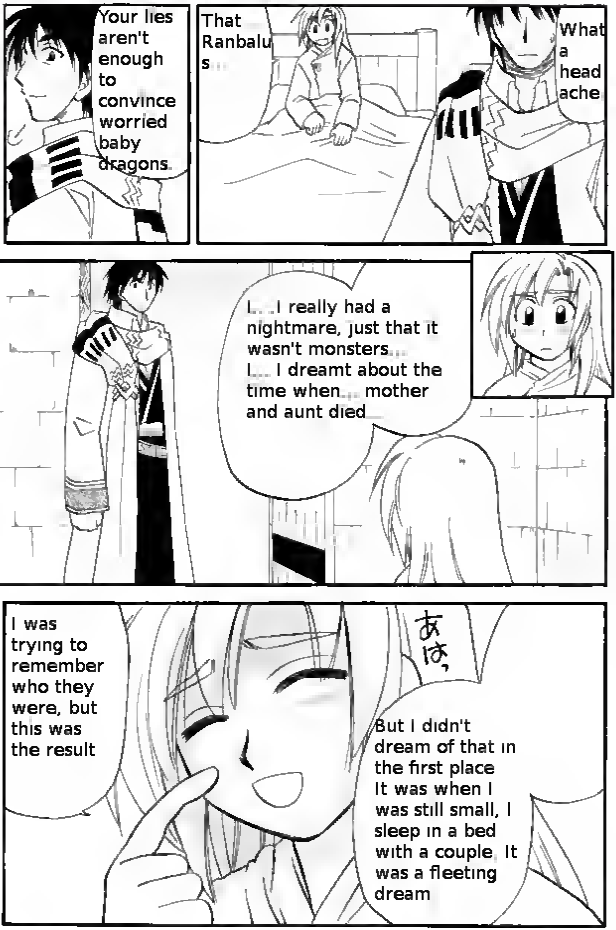
A night mare?



I dreamt that many vegetable monsters with huge fangs were chasing after me...
Yes, it's a very scary dream

No
But I'm already fine!! I don't need anymore rest!
I'm sorry I made every one worried
That's why I cried... Actually, I dreamt of it this morning, so I was thinking about it the entire morning
あはは。
Ahaha
……
へえ～
It's really scary!
What?
Since you had such a nightmare, you might daze around for sometime. To prevent you from falling, you better rest for today
Really!?
!?
Yes, everyone, if you put some colourful and fragrant flowers by your pillow, you won't get any nightmares

Alright, be careful. I'll help to look after Marciel.
We'll be back soon, wait for us, Marciel!
わら
わら
Yes!
Let's get some from the underground garden!!
お!ーっっ
Marciel won't cry when he is frightened, if he cries, it's mostly because
I'll ask you about it later
al-righ t
If the baby dragons are around, Marciel won't say any thing sad...
ぷい
とっ



Your lies aren't enough to convince worried baby dragons.
That Ranbalus...
What a head ache
I... I really had a nightmare, just that it wasn't monsters... I... I dreamt about the time when... mother and aunt died...
I was trying to remember who they were, but this was the result
あは、
But I didn't dream of that in the first place It was when I was still small, I sleep in a bed with a couple It was a fleeting dream

Ranbalus, you are here to tell me about the meeting yesterday ? Wht happened at the wind dragon house?
Mar ciel
And I'm no longer worried about that dream
I can't tell if the woman is my mother or aunt, but that man is not my father...
No,
They... aren't your parents?
Because... my mother often said father is a strong and tall man, but I'm so thin...
In the past?
Ah? In the past, everyone said I resemble my father
Do you look like your mother?
はは、
But I had always been looking forward to it! When I grow up, will I be strong enough to carry all the baby dragons!!
But in the end, you are still like your mother
Because father died before I was born, I've never seen him, so I've always wanted to grow up and be like him

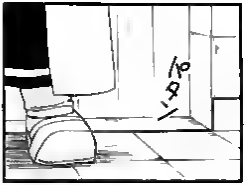
Marciel...
When you grown up, mother will teach you
It's not true. My mother was a seamtress, but I'm not good at sewing...
Then your aunts... what kind of people are they?
Ah... My are my mother's siblings. My oldest uncle is very weak, the youngest one is older then me by a few years.
So, my aunt takes care of everything in the house and fields. They were poor, but they are very nice people...

It is easy to remember things you have forgotten while talking. The more important it is, the easier it is.
Yes... yes! But... why!?
I tried so hard to remember, but I can't remember them!
You remembered their faces?
You never talked about your relatives in the past
Um ah... May be
Did anything happen recently that you have this dream?
To talk about dead relatives is very difficult, because you will remember sad things, but it is better than forgetting them.

Maybe he is your father?
I still don't recognise the man in my dream
He is not my uncle and I don't have other relatives
but...
Once I think about seeing my baby dragons grow up,
I don't think I will die of old age in Corseltel
Even if you've never seen him, you'll still recognise him?
Ah...
After your mother tell you about him maybe you tried to imagine him in your mind?
I keep thinking about the time I came to Corseltel, and before...
Yes, they really... are my parents...
...oh, this way yes!

We'll talk about the meeting next time,
Today is a rare day for you to remember your parents Treasure it well

Tell your baby dragons the next time, I'm sure they will be happy
Thank you, Ranbalus
Yes... ah? That...



ﾊﾀｰ

わいわい

Yes

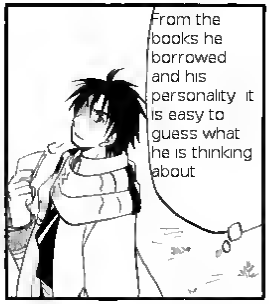
Yes, Marciel will be really happy.
Flowers!! We picked a lot of flowers!!
Ah! Ranbulus san!
わっ
ぽん
Marciel! Flowers!
わー!!
This flower is very plain, and not fragrant... but Marciel likes it... so I picked it...

Sometimes... if you are too worried... there is a lot of things you can't say It is also important to listen quietly too...

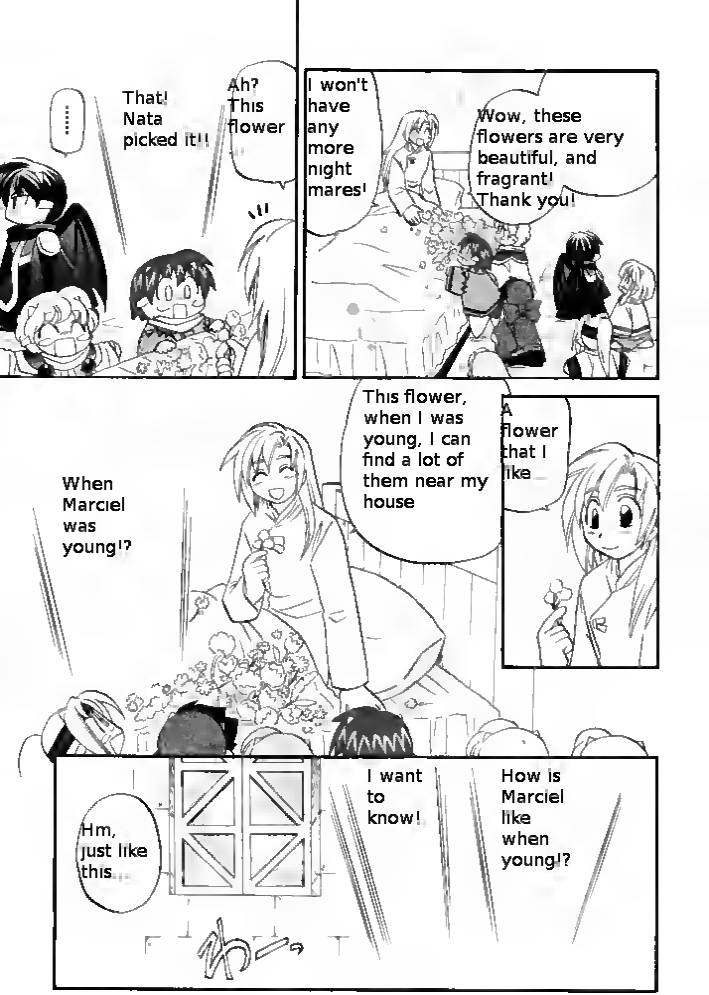
Yes, yes, you really care much about Marciel...
!?

Yesterday's meeting
Hahaha
?
!?

I'll ask him about it one day
But now, we'll just watch over him quietly

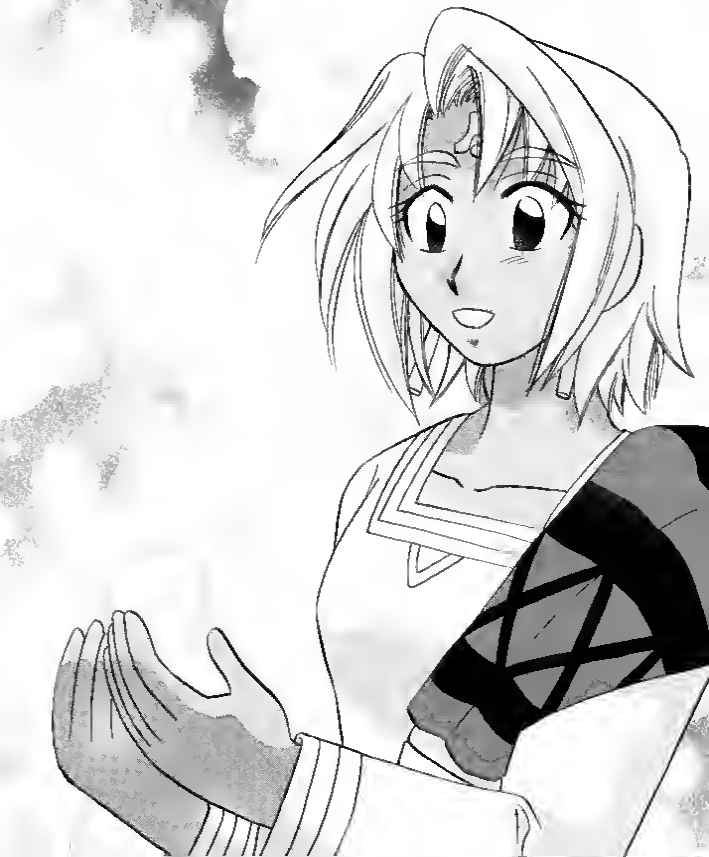


From the books he borrowed and his personality it is easy to guess what he is thinking about

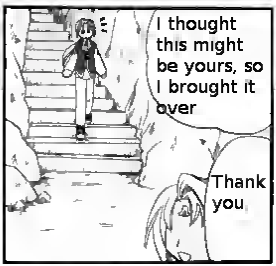


That! Nata picked it!!
Ah? This flower
I won't have any more night mares!
Wow, these flowers are very beautiful, and fragrant! Thank you!
A flower that I like
This flower, when I was young, I can find a lot of them near my house
When Marciel was young!?
How is Marciel like when young!?
I want to know!
Hm, just like this...

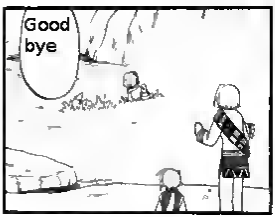
第49話 Water and Light's gift
～水と光のおくりもの～



Yes, this is my luggage.



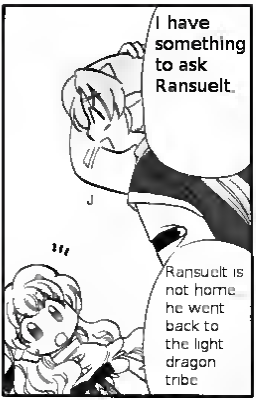
I thought this might be yours, so I brought it over
Thank you



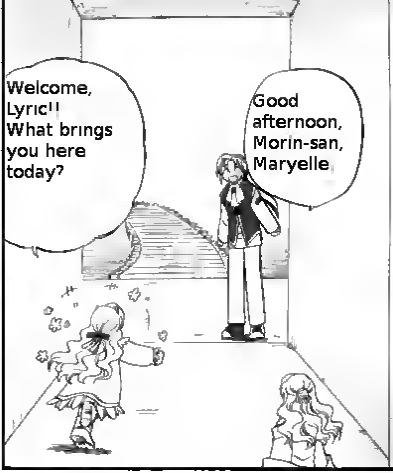
Good bye

Elle-san arrived from the underwater care? You said before that you lost your luggage there
My children found it when playing underwater at the riverbed

They delivered something I've lost in the past
Ah, it's nothing...
Elle, aren't they from the underwater beast tribe? What happened?
The second day after this happened
Lyric!
Ah!



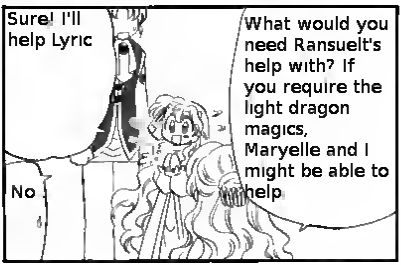
I have something to ask Ransuelt.
Ransuelt is not home he went back to the light dragon tribe



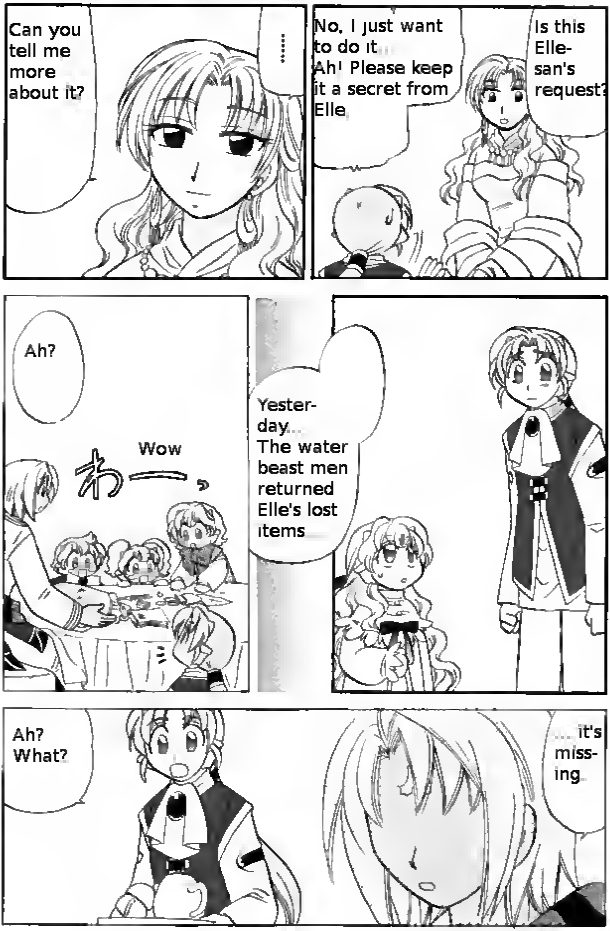
Welcome, Lyric!! What brings you here today?
Good afternoon, Morin-san, Maryelle

Very dark!?
!?
Actually, I need to find something on the riverbed, which is very dark, so I need some light
Ah

That long!?
!?
He said around 2-3 days later
Ah!? That then when will he be back?



Sure! I'll help Lyric
No
What would you need Ransuelt's help with? If you require the light dragon magics, Maryelle and I might be able to help



Can you tell me more about it?
.....
No, I just want to do it... Ah! Please keep it a secret from Elle
Is this Elle-san's request?
Ah?
Wow
わ——っ
Yester-day... The water beast men returned Elle's lost items
Ah? What?
....it's miss-ing

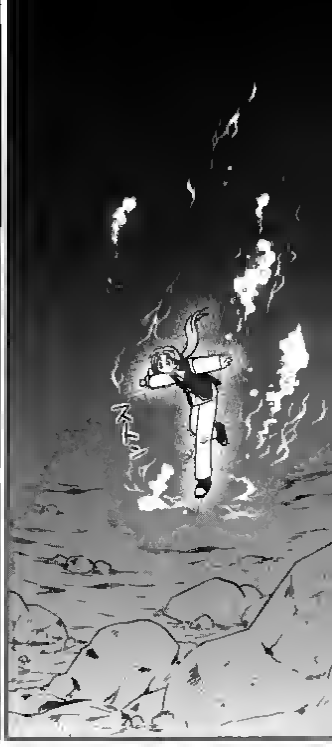
When I left my homeland, it was the only thing filled with my memories...
It's a pair of flora earrings. It is a pair with my sister's, we made them when we were young.
No, they are nothing much.
But Elle, they are very important right?
but it's alright, since I can't wear them now.
It's child sized.
Elle she... She said this, but when she received her luggage, she is very relieved and happy, so I think it is really important to her...

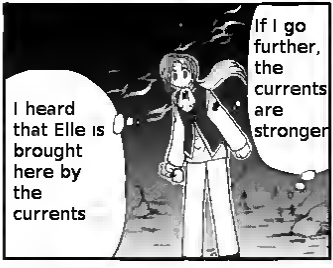
So you want to find them for her!!
Yes... But the riverbed is very big, I don't know if I can find them...
So, to not disappoint her, you are keeping it a secret!
You are great, Lyric!! I'll help you!
Mary-elle!?
!?
Light dragons are not afraid of places without air!!
But it is underwater...
Yes, but it is also very dark...
I... I'm not afraid of the dark!
Mary-elle

But I can lend you some 'Dim Jade' to enhance light, will it be alright?
That will be great.
Uuhu...
But, but...
No. If you faint underwater, you'll only cause trouble for Lyric.
Right now, you are unable to stay in places without light for a long time.
... yes.
when you become a trainee dragon, and your light dragon magics become stronger, I'll bring you to the riverbed.
Mary elle,
Thank you Morin-san, and Maryelle
When lit up with the 'Dim Jade', the underwater tribe is very beautiful.

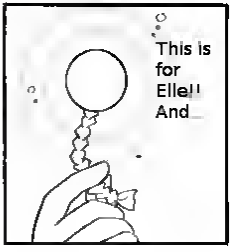
But the riverbed is very big? Lyric might not be able to find it all on his own...
If he can't find it, Lyric will be very depressed...
We'll wish him all the best.
Mary elle?
yes
Yes! I have an idea! Morin, how about this?

I remember the plains are linked to the west of the tribe...





I heard that Elle is brought here by the currents
If I go further, the currents are stronger

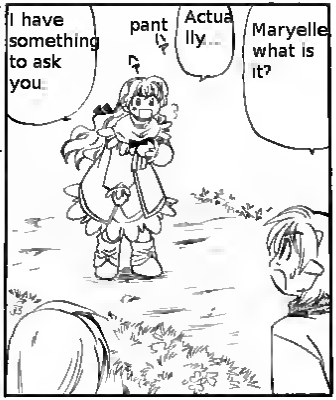


This is for Elle!! And...

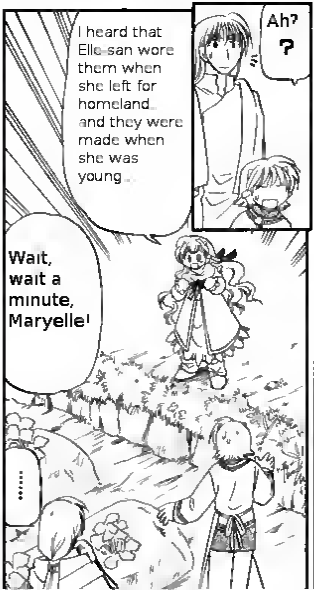
Good!
I'll follow the path the children took and go along with the current

Everyone is wishing for my success, and I've already arrived at the riverbed... I have to try my best.
For some reason I don't understand, for Maryelle who keeps supporting me!
たっ、たっ、たっ
Wood dragon mage-san!
Ah!

pant
I went to ask Meo... Fire dragon mage-san told me... to ask the wood dragon mage... would be more suitable
What is it?
pant
Maryelle, you should rest first



I have something to ask you...
pant
Actually...
Maryelle, what is it?



I heard that Elle-san wore them when she left for homeland... and they were made when she was young...
Ah?
?
Wait, wait a minute, Maryelle!
.....

That is, the earrings in Elle-san's memories, do you know how is it like!?

WHAT
!?
Is it like this...? A string of small white flowers...
But Kadio-san knew Elle-san before she came into Corseltel right?
No matter how great Kadio is, he might not know it right!?
Can you please draw them?
It should be that... I've seen a drawing before, the siblings wore those earrings
How do you know!? Kadio, you really knew Elle-san from such a long time ago!?
Yes!
It looks like this... Would this be alright?
わた わた
What...? What!? Does that mean...
Kadio's first love... was a girl in a drawing...
Hey?

What a headache. What is she running for this time?
Thank you Kadio-san! I'll be going back now!
What are you going to do with it, ask Meo to make it?
This, it's a secret!
Nothing! It's nothing!
? What's wrong, Roi?
I better discuss this Noi.
And so, the sun set today.
Lyric!
I didn't manage to find it yesterday, I have to start early today.
Yes
The next morning

Ah!?
!?
I'm going to play with Aida today, so I'm bringing some snacks over. Please make some together with me!
You were out all day yesterday, where are you going?
Urgh
You are going out today too, Lyric?
But
No, I'm going out! I have something to do!
Lyric is mean!
.....
Wait, Lyric!
I'm going out!
I'm not doing anything bad!
I have a lot of things that I want to do too!

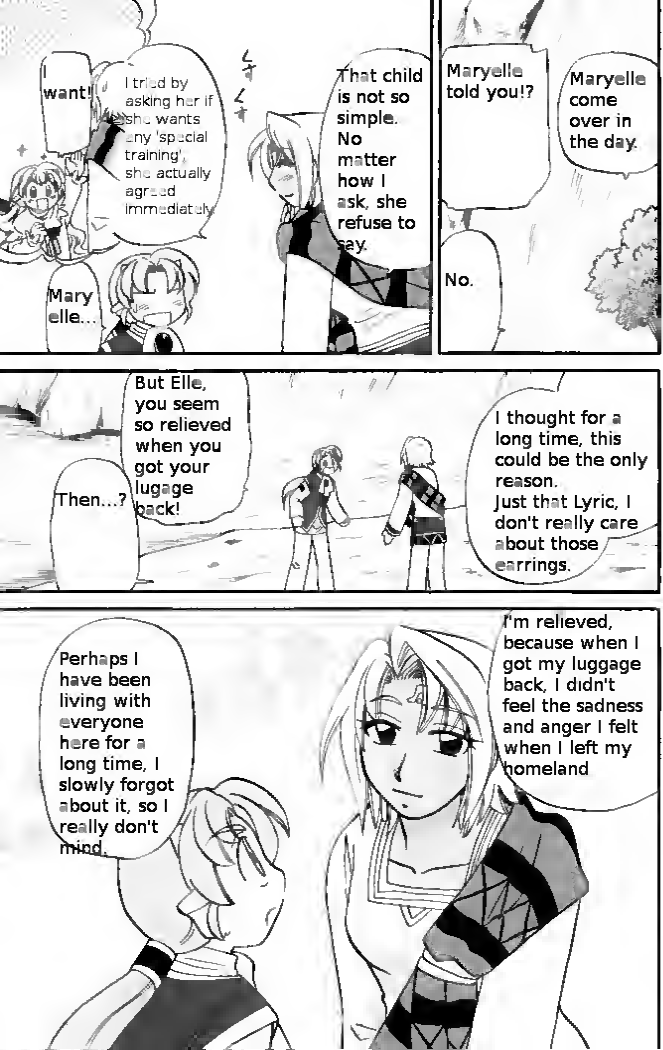
I have to find it today
There is still much I have to do at home,
If I spend too long, Elle will be worried...
Ever since the luggage is found, Lyric had been doing something secretly, could he be...
Who's there?

It's what?
It's
Ah, Maryelle, what are you here for? Lyric has already gone out
Um
Ah!
Maryelle, seems like you know where Lyric is, and what he is doing now?
I still can't find it....
It is so small, I knew it will be hard to find...
Sigh
And so

It is already late And you look very tired
Elle!

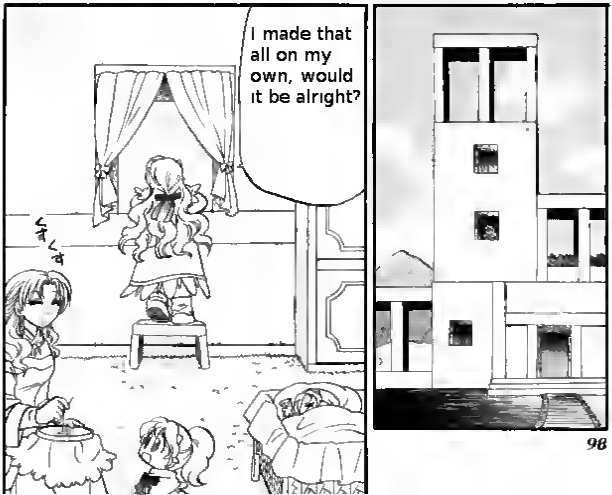
Welcome back, Lyric
ビクッ

You were trying to find those earrings for me right?
Thank you
Actuall y, it's because -
Elle how did you

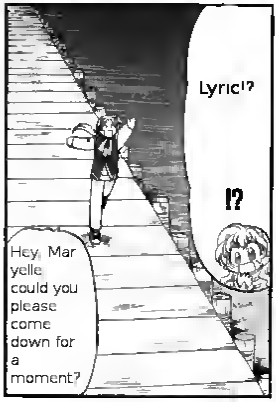


I want!
I tried by asking her if she wants any 'special training', she actually agreed immediately
That child is not so simple. No matter how I ask, she refuse to say.
Mary elle...
Maryelle told you!?
Maryelle come over in the day.
No.
But Elle, you seem so relieved when you got your lugage back!
Then...?
I thought for a long time, this could be the only reason.
Just that Lyric, I don't really care about those earrings.
Perhaps I have been living with everyone here for a long time, I slowly forgot about it, so I really don't mind.
I'm relieved, because when I got my luggage back, I didn't feel the sadness and anger I felt when I left my homeland

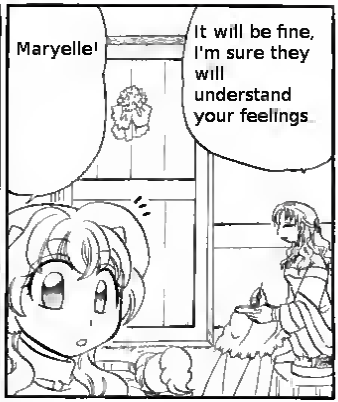
Ah!
Elle...
What is it?
Maryelle came over because she is worried about you
Ah, yes. Maryelle said if you can't find it, she wanted you to have this



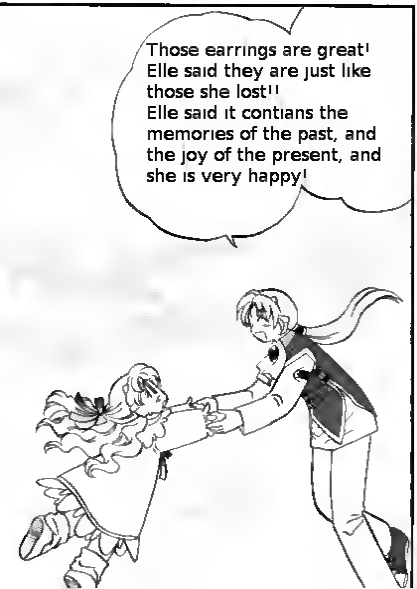
I made that all on my own, would it be alright?



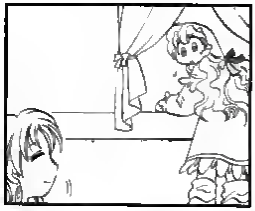
Lyric!?
!?
Hey, Maryelle could you please come down for a moment?

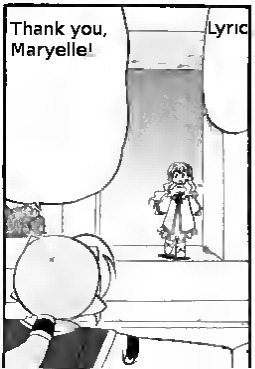


Maryelle!
It will be fine, I'm sure they will understand your feelings.



Those earrings are great! Elle said they are just like those she lost!! Elle said it contians the memories of the past, and the joy of the present, and she is very happy!

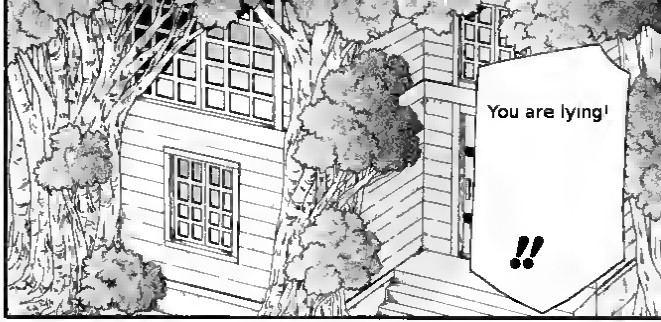




Thank you, Maryelle!
Lyric

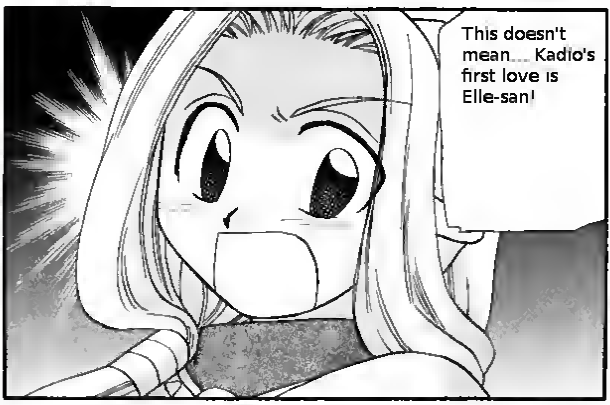
I'll like to thank you, if there anything I can do?
Lyric
Thank you very much, Maryelle!
Um that
No Maryelle, I'm talking about a thank you gift!? A gift!!
I'll like Lyric to join me for Elle-san's special training!
Yes, that'll be fine!
But but but but

第50話 Teenage wood dragons' worries
～木竜少年たちの杞憂～



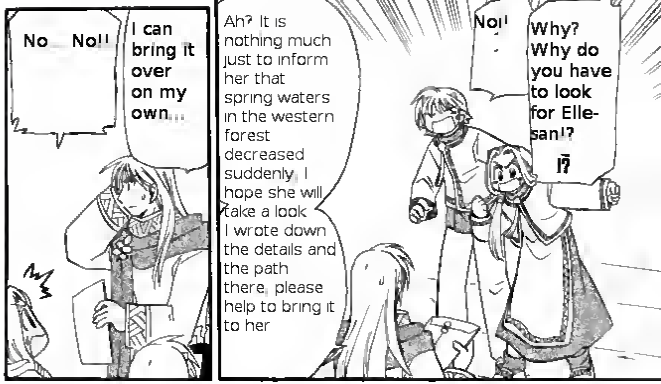
You are lying!
!!

The last time, he said the drawing had two girls in it, and one of them should be Elle that's all!
It's true! That time in the fields, Kadio said it!

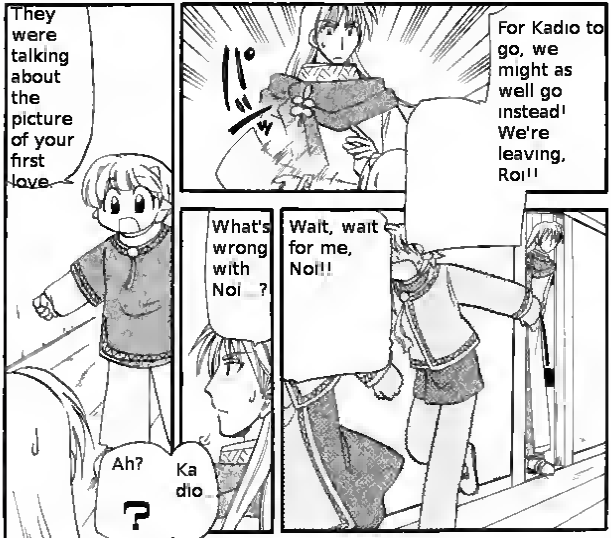


This doesn't mean... Kadio's first love is Elle-san!

Roi, Kadio called you
I, I thought of it for a very long time! How could you say that!
And the drawing he mentioned in the fields, it might not be the drawing of his first love! It's just Roi's assumptions!
what?
Elle-san!?
!?
I hope you can help me run an errand Look for Elle at the water dragon house-
No!! Nothing happened!
Did you two argue again?

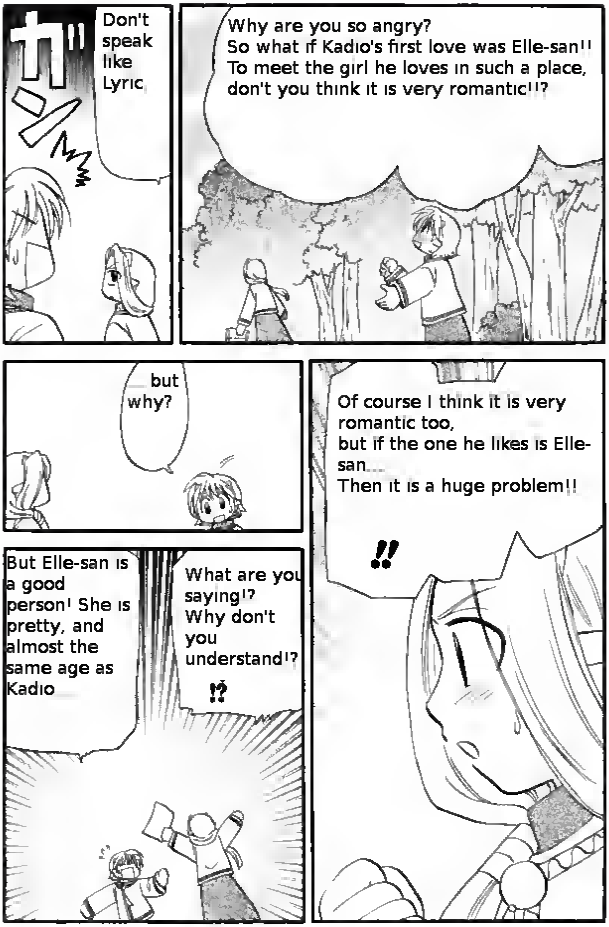


No... No!!
I can bring it over on my own...
Ah? It is nothing much just to inform her that spring waters in the western forest decreased suddenly. I hope she will take a look. I wrote down the details and the path there, please help to bring it to her
No!
Why? Why do you have to look for Elle-san!?
!?

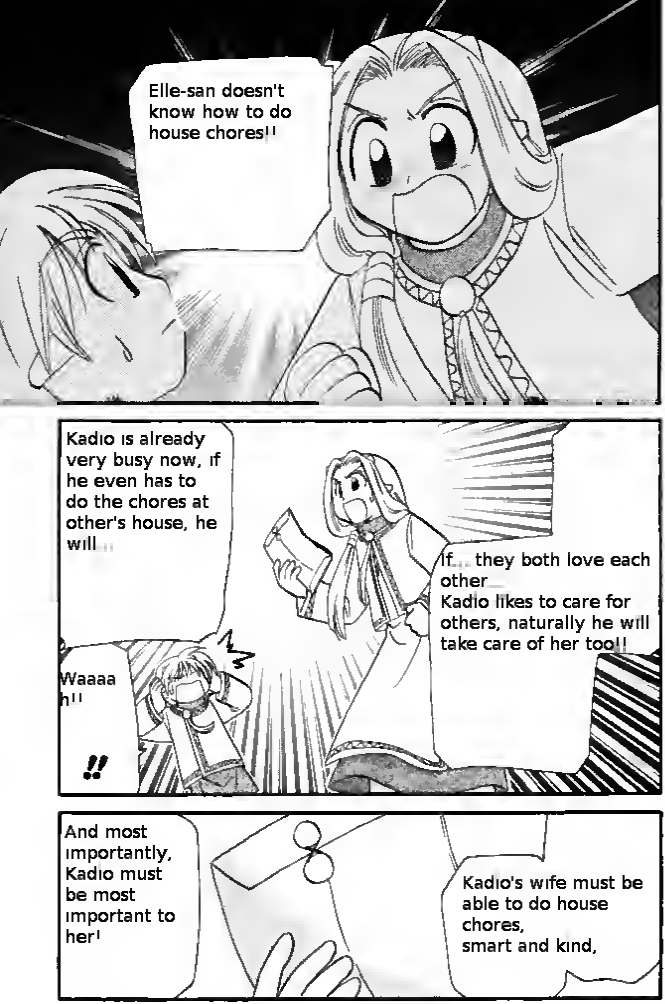


They were talking about the picture of your first love.
Ah? Kadio...?
What's wrong with Noi...?
Wait, wait for me, Noi!!
For Kadio to go, we might as well go instead! We're leaving, Noi!!

Yes, that time, Roi was acting strangely too
At the fields, I think...
?
What did I say then...
It was quite some time back, why now No...
The one... I spoke about a long time ago...?
Kadio!?
!?
Noi!
//
Ka, Kadio! What happened!? Your face is very red!
カルタン

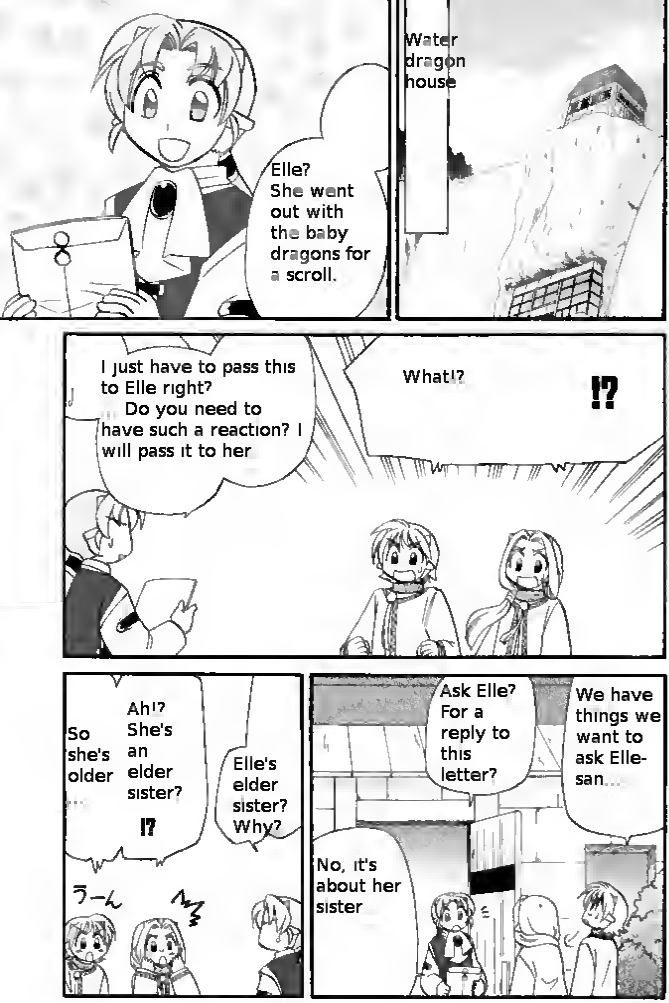


Don't speak like Lyric
Why are you so angry?
So what if Kadio's first love was Elle-san!!
To meet the girl he loves in such a place, don't you think it is very romantic!!?
...but why?
Of course I think it is very romantic too,
but if the one he likes is Elle-san...
Then it is a huge problem!!
!!
But Elle-san is a good person! She is pretty, and almost the same age as Kadio...
What are you saying!?
Why don't you understand!?
!?



Elle-san doesn't know how to do house chores!!
Kadio is already very busy now, if he even has to do the chores at other's house, he will...
If... they both love each other...
Kadio likes to care for others, naturally he will take care of her too!!
Waaaah!!
!!
And most importantly, Kadio must be most important to her!
Kadio's wife must be able to do house chores, smart and kind,

Yes... I feel so too.
I want Kadio to be happy
If Kadio's first love is her, then we can cheer them on without worrying
She isn't a dragon mage, so she might put humans first,
Although Elle-san is not good at house chores, her sister might be good at it.
Elle-san's sister must surely be a great person, and pretty too.
The other girl is a queen? I heard she is Elle-san's sister. I wonder how she is like?
If his first love isn't Elle-san, then it'll be great.



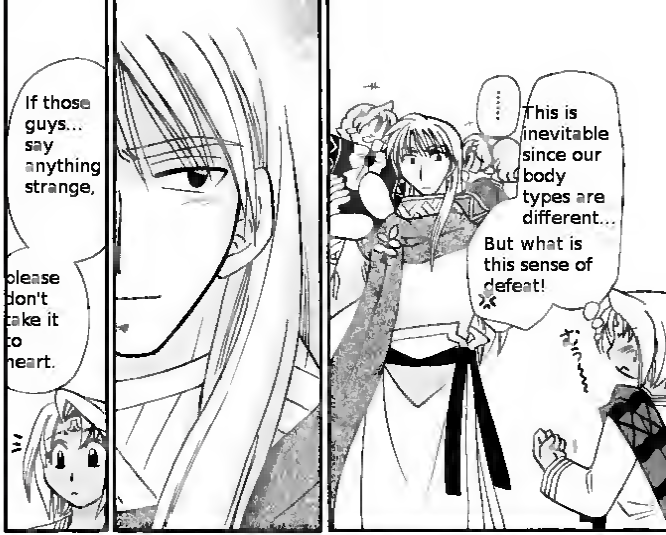
Elle? She went out with the baby dragons for a scroll.
Water dragon house
I just have to pass this to Elle right? Do you need to have such a reaction? I will pass it to her
What!?
!?
So she's older...
Ah!? She's an elder sister?
!?
Elle's elder sister? Why?
うーん
Ask Elle? For a reply to this letter?
We have things we want to ask Elle-san...
No, it's about her sister

This concerns Kadio's future happiness!
Ah!? What's up with you two...
That's it! We can also ask Lyric! Tell us all you know, Lyric!
Ah, we are nearly home, just hang on for a little longer.
I'm tired...
Huh?
Ah?
What's wrong?
Ah!? Even Latl!?
Hug
Carry
No, Tiruku.
Carry me

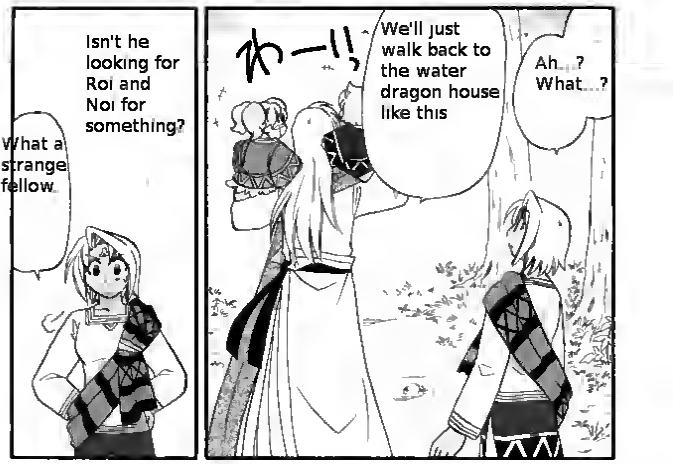
lifeless
Ah?
Really...
If I had known, I'll get Lyric to come...
Woah!
Why are you walking around so lifelessly, Kadio?
Don't, don't call that name!
Ellida Karenash!

The trainee dragons from my house, did they come over?
Ah, yes
Woah!
No, I should be apologi zing
Thank you
Ah
Here
I asked them to run an errand, but
They should have reached the water dragon house I am just returning home from a scroll

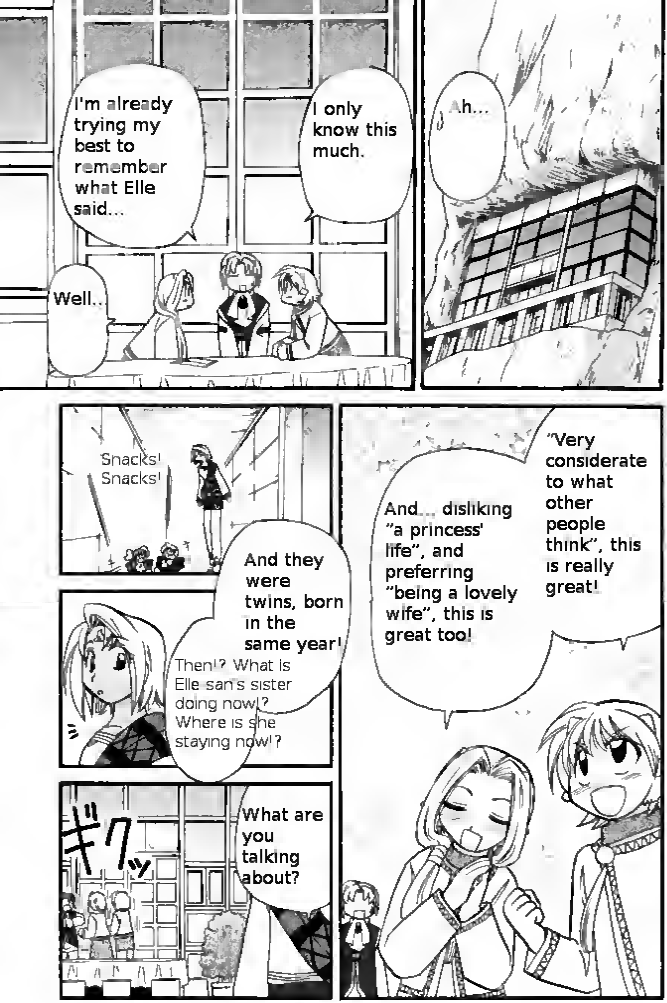
Wait, you mustn't, Lati!
I want too! I want too!
It's alright.
It's dangerous if you keep moving.
Wa, it's so high!
This is so easy
むう
When the wood dragons are small, they like to climb onto my shoulders too.
Of course
ううん



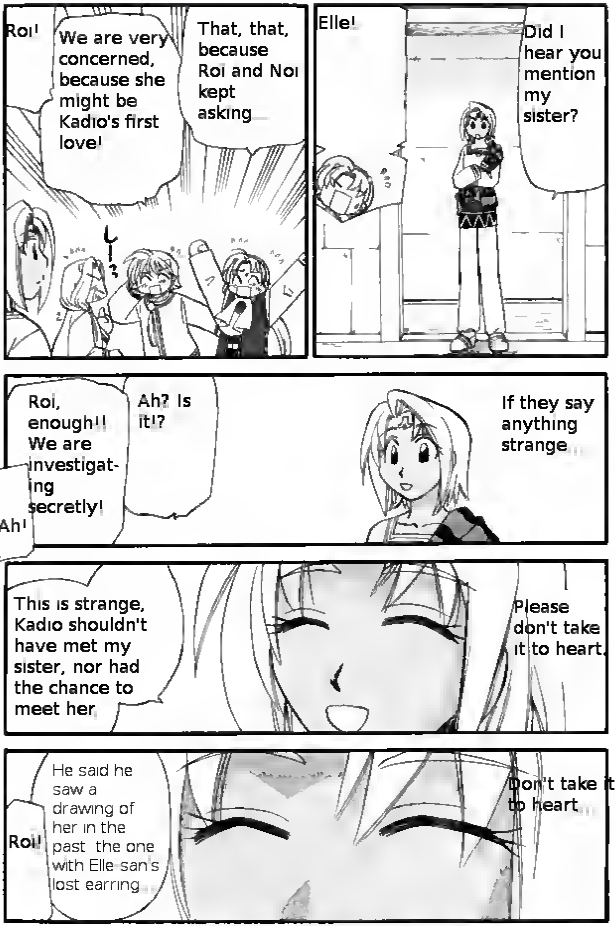
If those guys... say anything strange,
please don't take it to heart.
……
This is inevitable since our body types are different...
But what is this sense of defeat!



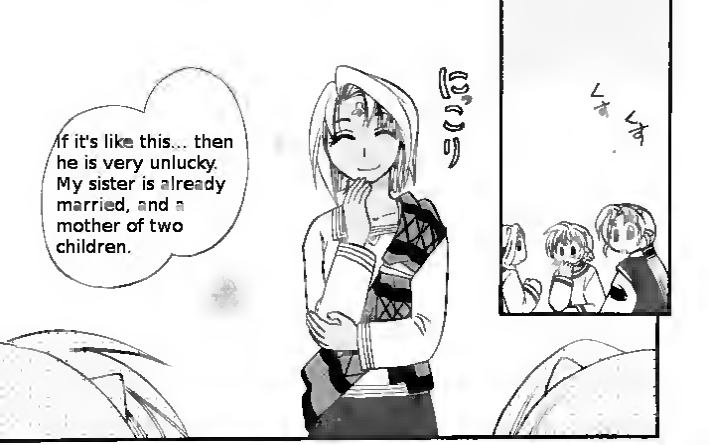
What a strange fellow.
Isn't he looking for Roi and Noi for something?
わーー!!
We'll just walk back to the water dragon house like this
Ah...? What...?



I'm already trying my best to remember what Elle said...
I only know this much.
Well..
Ah...
Snacks! Snacks!
And they were twins, born in the same year!
Then!? What is Elle-san's sister doing now!? Where is she staying now!?
What are you talking about?
ギクッ
And... disliking "a princess' life", and preferring "being a lovely wife", this is great too!
"Very considerate to what other people think", this is really great!

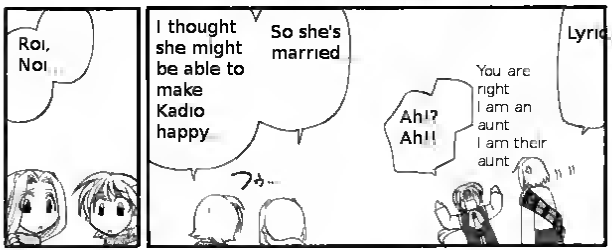


Roi!
We are very concerned, because she might be Kadio's first love!
That, that, because Roi and Noi kept asking...
Elle!
Did I hear you mention my sister?
Roi, enough!! We are investigating secretly!
Ah!
Ah? Is it!?
If they say anything strange...
This is strange, Kadio shouldn't have met my sister, nor had the chance to meet her.
Please don't take it to heart.
Roi!
He said he saw a drawing of her in the past the one with Elle-san's lost earring...
Don't take it to heart.



If it's like this... then he is very unlucky. My sister is already married, and a mother of two children.
にこにこ
ムキ ムキ

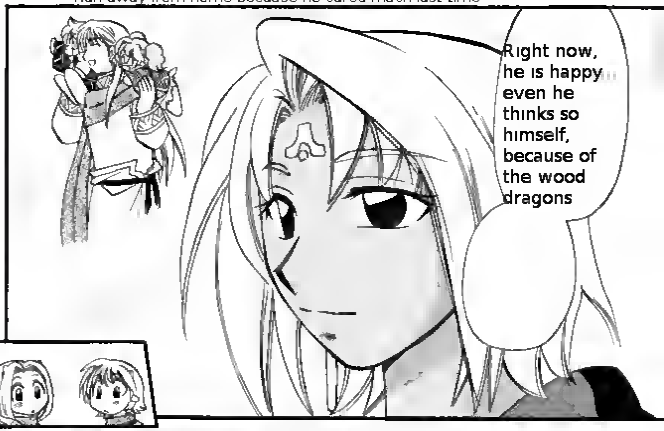
ビキッ
Elle is already an aunt!?
What!?
!?

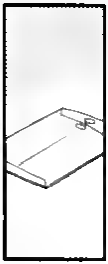


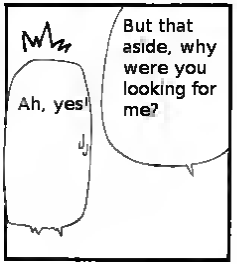
Roi, Noi...
I thought she might be able to make Kadio happy...
So she's married
Lyric...
Ah!? Ah!!
You are right I am an aunt I am their aunt
フゥ...

Till now, if one's first love is discovered, it's very embarrassing, but no longer sad. Right, Lyric?
Ah... yes.
That wood dragon mage who knows everything, he might have known too that my sister is married, that's why he treats it as a memory of the past?

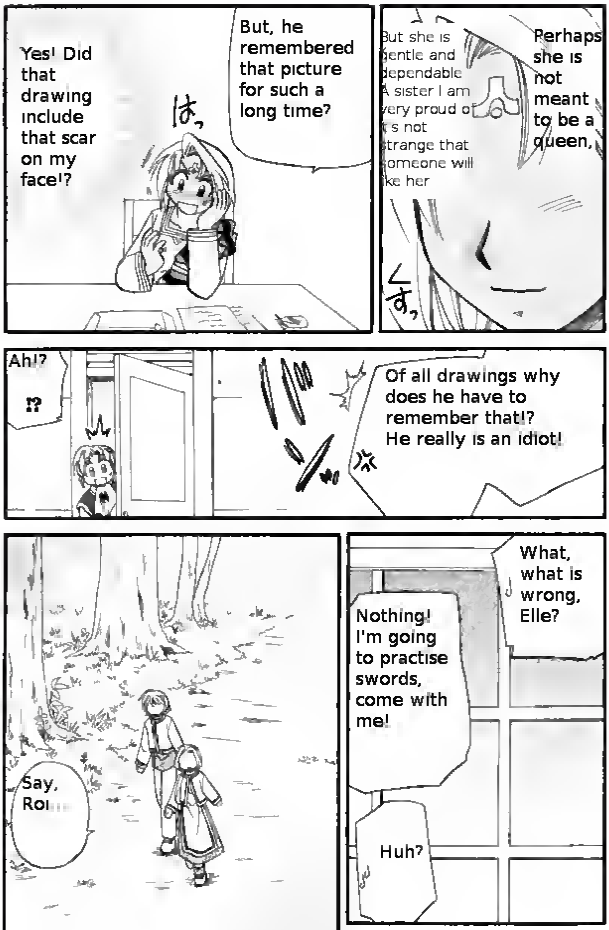
Rán away from home because he cared much last time.



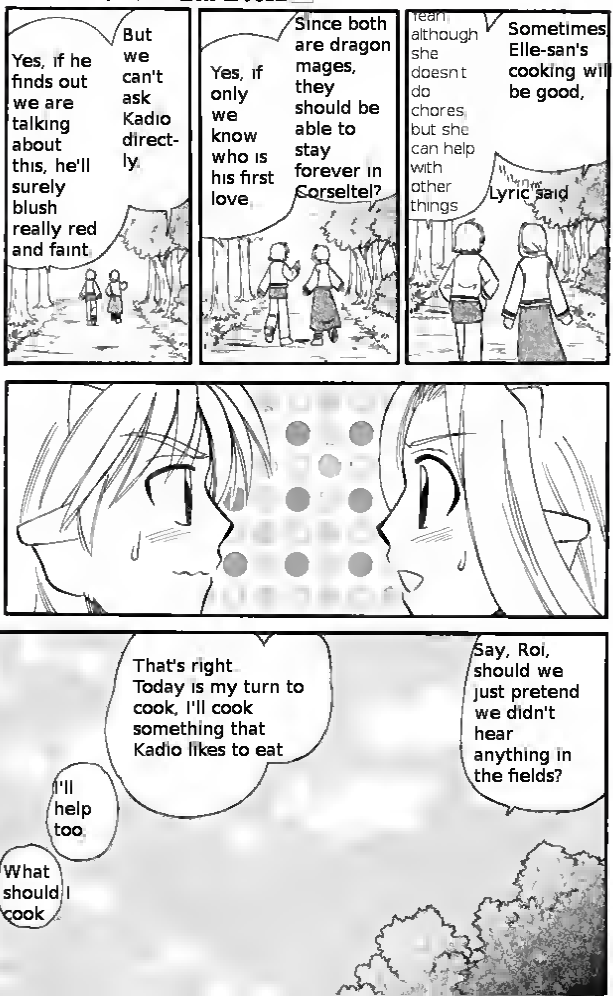




The spring in the forest... I'll take a look tomorrow.
Sister



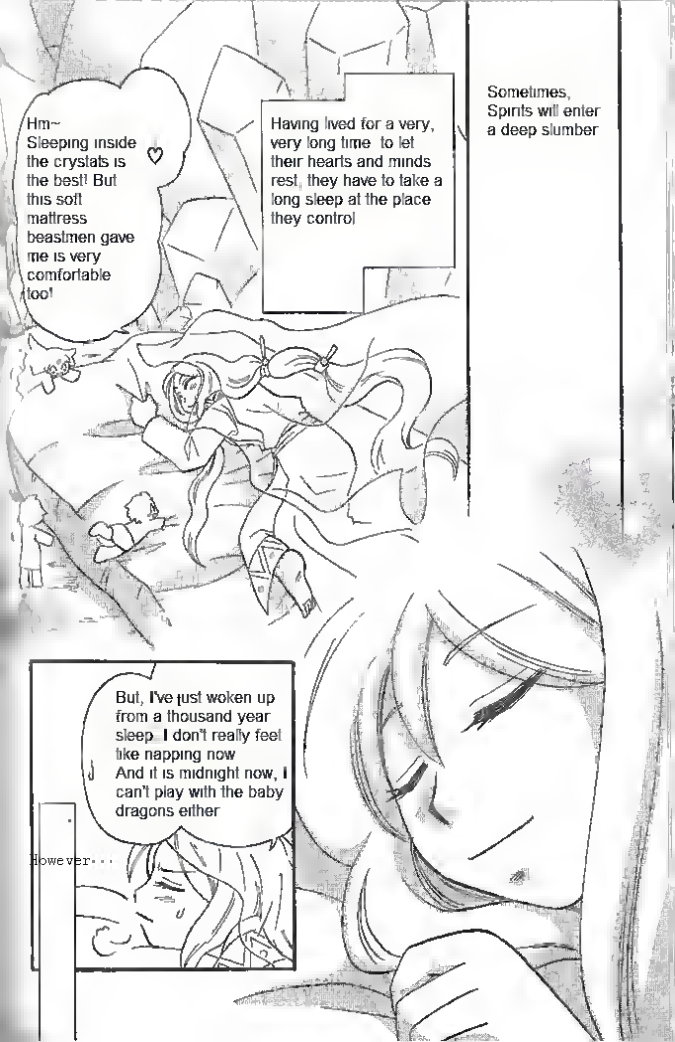
Yes! Did that drawing include that scar on my face!?
But, he remembered that picture for such a long time?
But she is gentle and dependable A sister I am very proud of It's not strange that someone will like her
Perhaps she is not meant to be a queen,
Ah!?
!?
Of all drawings why does he have to remember that!? He really is an idiot!
Say, Rol
Nothing! I'm going to practise swords, come with me!
What, what is wrong, Elle?
Huh?



But we can't ask Kadio directly
Yes, if he finds out we are talking about this, he'll surely blush really red and faint
Since both are dragon mages, they should be able to stay forever in Corseltel?
Yes, if only we know who is his first love
Sometimes Elle-san's cooking will be good,
Yeah, although she doesn't do chores but she can help with other things
Lyric said
That's right Today is my turn to cook, I'll cook something that Kadio likes to eat
Say, Roi, should we just pretend we didn't hear anything in the fields?
I'll help too
What should I cook

第51話
～月之精靈①～

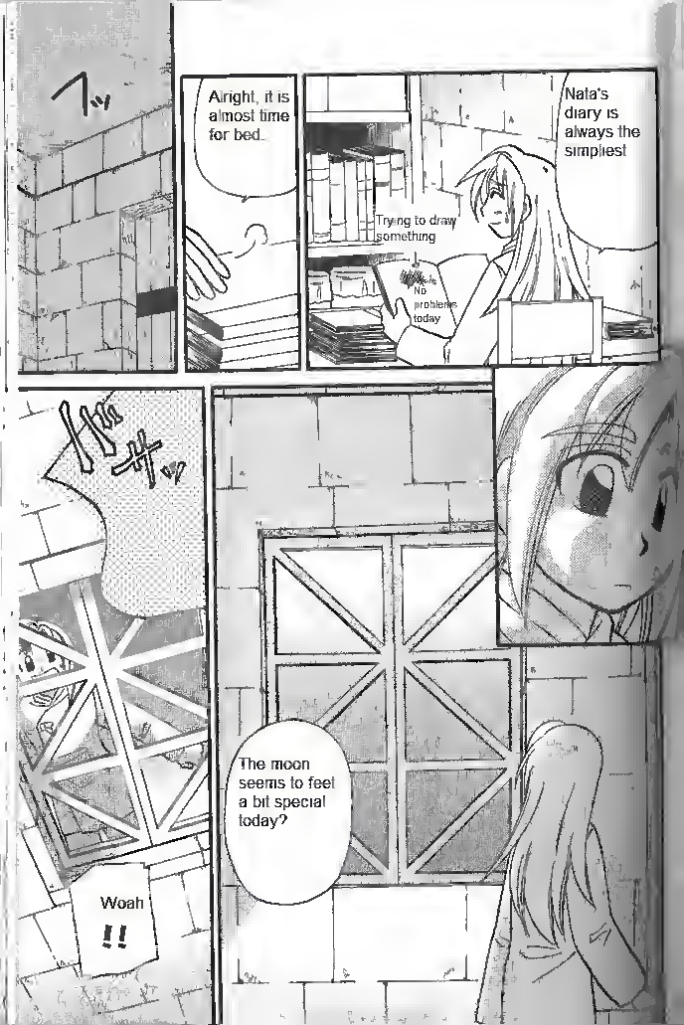
Chapter 51
Spirit of the moon part 1



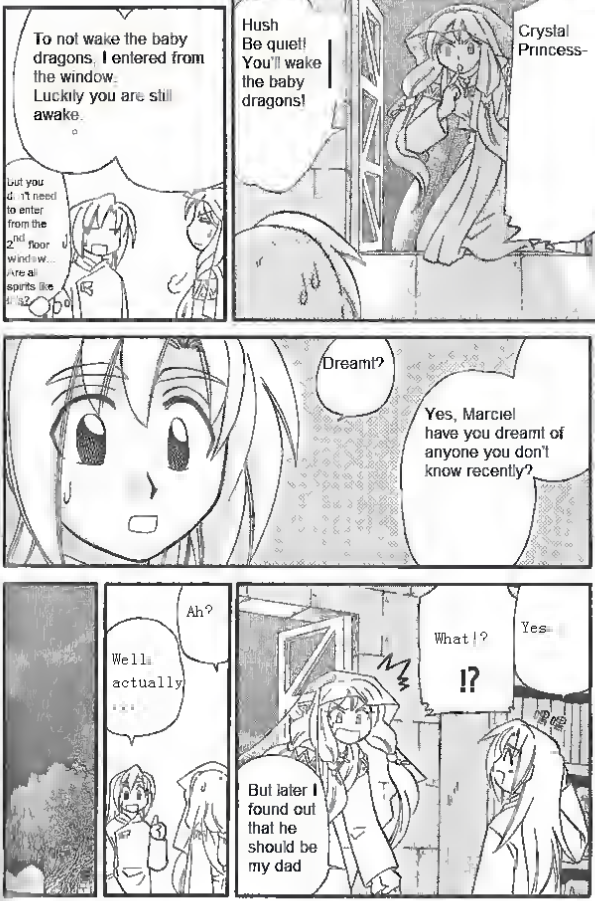
Sometimes, Spirits will enter a deep slumber
Having lived for a very, very long time to let their hearts and minds rest, they have to take a long sleep at the place they control
Hm~ Sleeping inside the crystals is the best! But this soft mattress beastmen gave me is very comfortable too!
But, I've just woken up from a thousand year sleep. I don't really feel like napping now And it is midnight now, I can't play with the baby dragons either
However...

One who is very similar, but yet very different.
Right now, at Corseltel, there is still another spirit sleeping,
ガバッ

Yawn...



Alright, it is almost time for bed..
Nata's diary is always the simplest
Trying to draw something
No problems today
The moon seems to feel a bit special today?
Woah !!

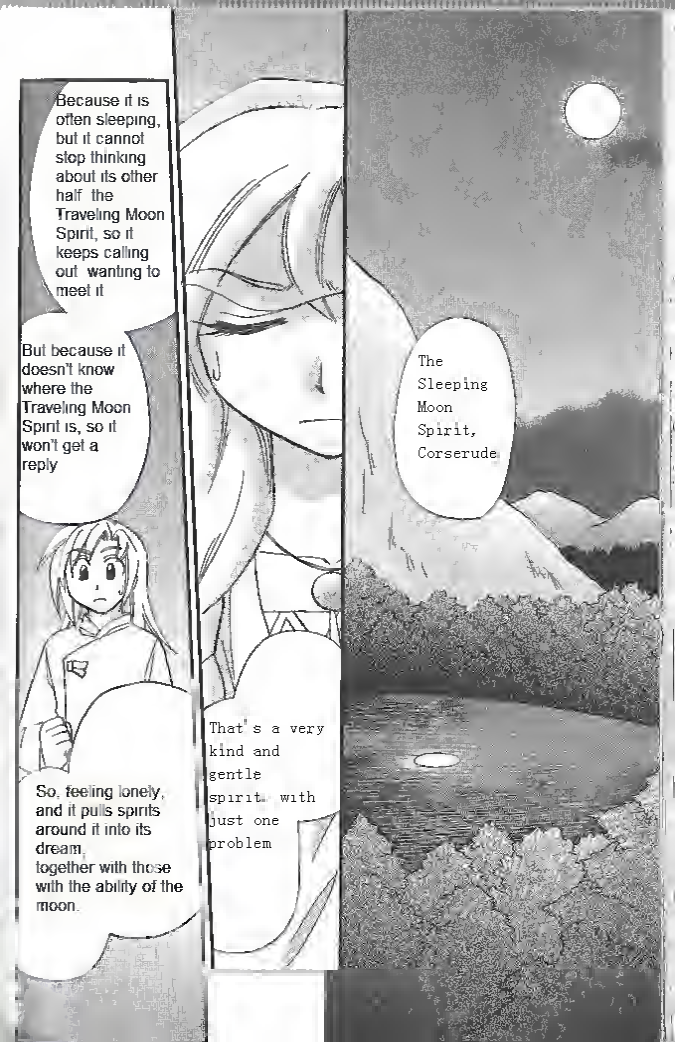


To not wake the baby dragons, I entered from the window.
Luckily you are still awake.
But you d n't need to enter from the 2nd floor window... Are all spirits like
Hush
Be quiet! You'll wake the baby dragons!
Crystal Princess-
Dream!?
Yes, Marciel have you dreamt of anyone you don't know recently?
Ah?
Well actually ...
What!?
!?
Yes-
But later I found out that he should be my dad

ほろり…
Is this so
It was the image of your father whom you've seen when you were just a child.

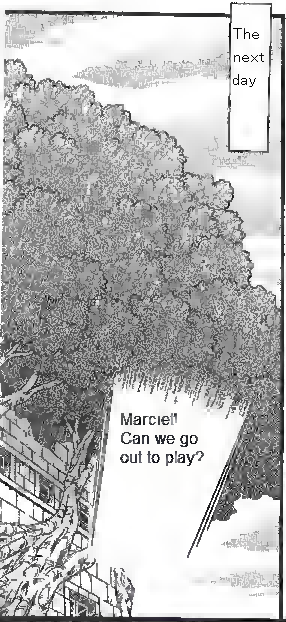
In my dream, I heard the voice of the Spirit of the Moon.
Is there a problem with dreams?
If it's this kind of dream, then there's no problem. I'm glad.

There are two Moon Spirits in the world, and it is the voice of one of them.
Yes
A moon spirit?



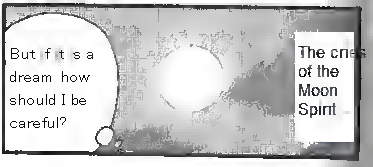
The Sleeping Moon Spirit, Corserude
That's a very kind and gentle spirit. with just one problem
So, feeling lonely, and it pulls spirits around it into its dream, together with those with the ability of the moon.
But because it doesn't know where the Traveling Moon Spirit is, so it won't get a reply
Because it is often sleeping, but it cannot stop thinking about its other half the Traveling Moon Spirit, so it keeps calling out wanting to meet it

All the other spirits are hiding at the places where they control, waiting got the Sleeping Moon to be in deep slumber again
If you dream of anyone whom you don't recognise, please be careful
The Sleeping Moon is crying out for the Traveling Moon's name



The next day
Marciel! Can we go out to play?

Sorry for disturbing you at night
You should also sleep soon



But if it's a dream how should I be careful?
The cries of the Moon Spirit

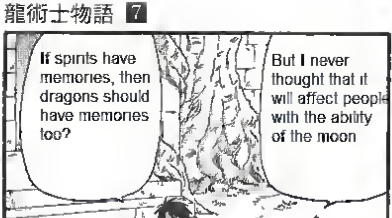
Alright^
Then let's go to the underground garden and play with the spirits!
Lets go
Lets go!
Why
No It looks like it will rain soon
shock
yawn
Last night I didn't dream of anything but I didn't sleep well either
You're Im fine often means something s wrong
ギク.v
It's alright alright Im fine really
You are yawning? You didn't sleep well!? What s troubling you

Rambalus!
Ahahaha
Did you dream of anything strange again?
It was a vegetable demon the last time, could it be a snack demon this time?
Roshet?
Now is not the time to be joking around, Earth Dragon Mage Rambalus!
Alright, alright.
Haha
I didn't have any strange dreams stop joking around
I heard that the great and wise earth spirit is here, that's why I took time off from my work to come here but no matter how I call her she doesn't appear!
Ah this is because
Even the small stone spirits around her didn't appear!
We want to meet the Great Earth Spirit Craybelle!!
Well, actually
It, it's been some time Did anything happen? What's wrong?

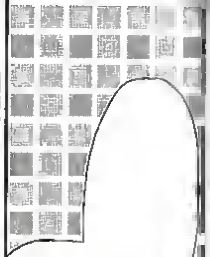
Nata!
The last time she was here she did not mention it When did she tell you about it
!
The crystal princess said she will be in hiding for a while
When was it?
?
Ah!?
!?
She said she will tell us lots of stories!
Nata! Big sister Dragon King's Dragon Mage wants Nata to come too!
Be a good boy
Go with them, Nata
You should listen to stories with everyone some times
I don't want to listen to stories
Let's go!
Come on~!

Is that so? If the baby dragons hear it, they will be worried too
Since Marciel said it, I have no choice
哇一
哇一
There is no choice, I can't do anything...
As long as I become a trained dragon, then he won't need to worry, and can tell me anything. As long as I become a trained dragon...
sigh

I'm so happy that you can come! Here, come over here too!
Welcome, Nata~!
哇
……
ah
:
He is in this pile of letters right now Isn't he amazing?
Hey Nata noticed it?
What about the other spirit?
?
I'll tell you about the secret your dragon mage is keeping
But we will talk about it some other time Right now more importantly,

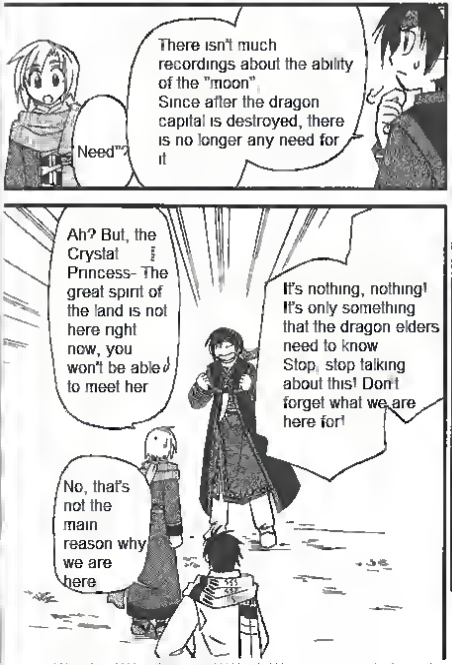


If spirits have memories, then dragons should have memories too?
But I never thought that it will affect people with the ability of the moon

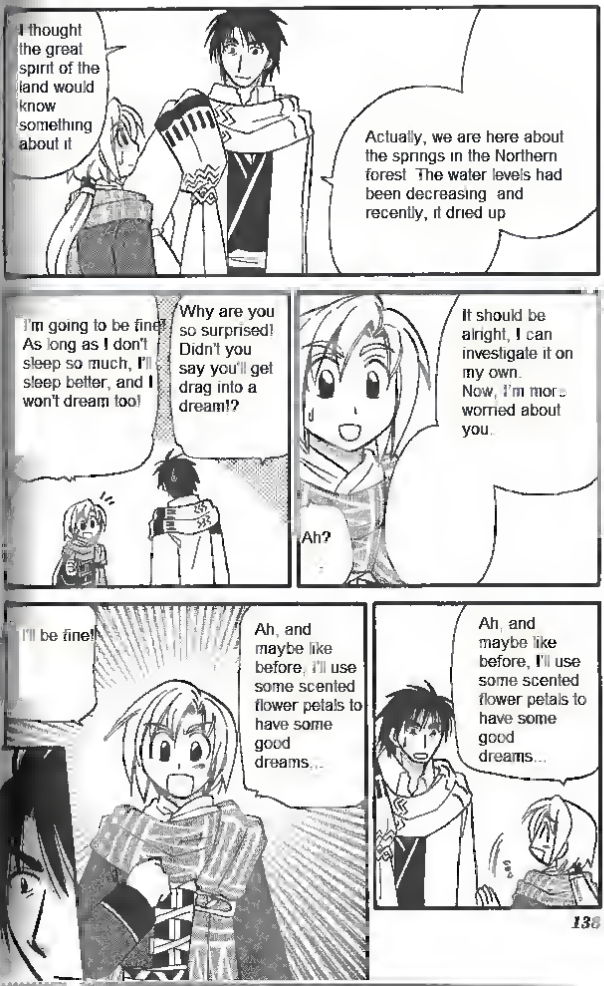


The cry of the moon spirit is that so?
In the ancient archives, it is recorded that every few hundred years, the spirits in Corsellet will go into hiding at the same time

There isn't much recordings about the ability of the "moon"
Since after the dragon capital is destroyed, there is no longer any need for it
Need"?

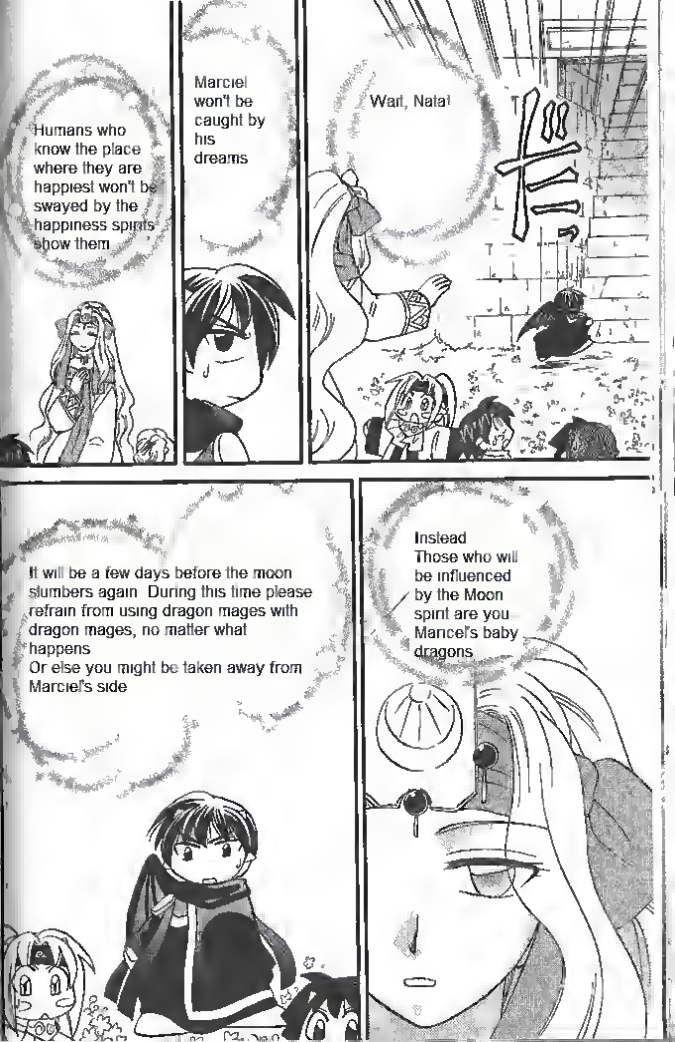


Ah? But, the Crystal Princess- The great spirit of the land is not here right now, you won't be able to meet her
It's nothing, nothing! It's only something that the dragon elders need to know Stop, stop talking about this! Don't forget what we are here for!
No, that's not the main reason why we are here



I thought the great spirit of the land would know something about it
Actually, we are here about the springs in the Northern forest. The water levels had been decreasing and recently, it dried up
I'm going to be fine! As long as I don't sleep so much, I'll sleep better, and I won't dream too!
Why are you so surprised! Didn't you say you'll get drag into a dream!?
It should be alright, I can investigate it on my own. Now, I'm more worried about you.
Ah?
I'll be fine!!
Ah, and maybe like before, I'll use some scented flower petals to have some good dreams...
Ah, and maybe like before, I'll use some scented flower petals to have some good dreams...

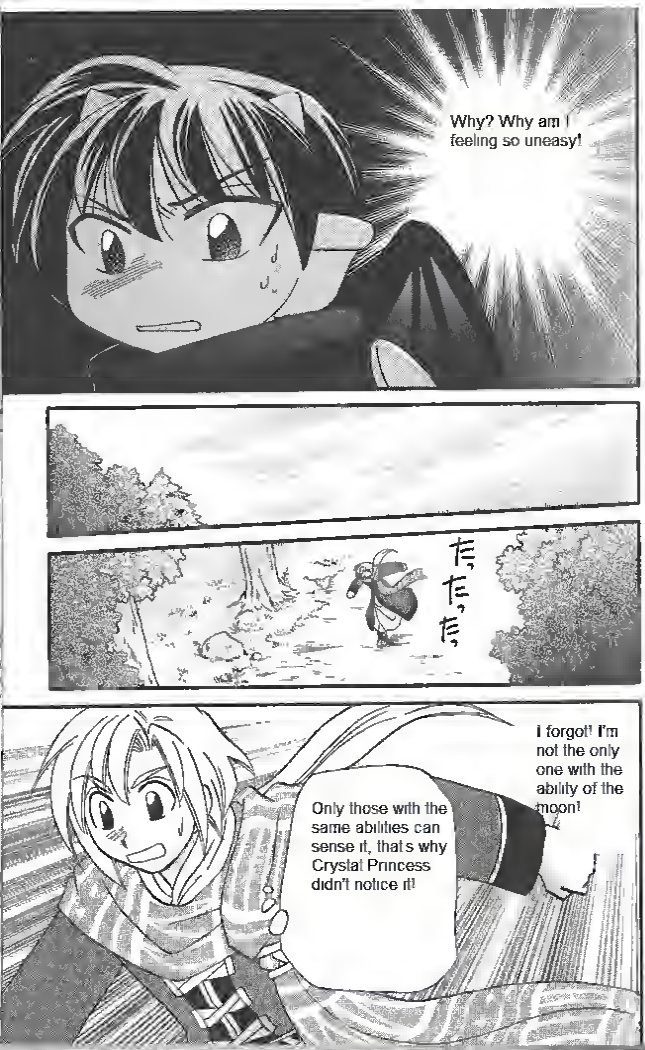
Why is it that you're always so relaxed!
No matter what, we just have to go to the forest and take a look. Let's go Roshe. Kadio's already there waiting.
But anything you run into trouble, you can always look for me.
ぽん ぽん
Yes yes,
But to ask for Roshe's help, it must be a big problem. And Kadio's involved too.
But I'll still not very dependable so this is unavoidable.
Ranbatus he always treats me like a kid! But I'll still not very dependable! So this is unavoidable!
And this was what happened in the past.
Check



Humans who know the place where they are happiest won't be swayed by the happiness spirits show them
Marciel won't be caught by his dreams
Wait, Nata!
It will be a few days before the moon slumbers again During this time please refrain from using dragon mages with dragon mages, no matter what happens
Or else you might be taken away from Marciel's side
Instead
Those who will be influenced by the Moon spirit are you Marciel's baby dragons

Even little Nata should stay at home
.....
Don't worry, just stay at home today.
Did I scare everyone?
Don't worry too much, nothing will happen as long as you stay at home.
わた
わた
Ata! All you want is to read books!
During these days, it's the perfect time to read books with everyone!
Since it might rain today, we still have to stay at home.

Look, everyone!!
Marciel? Marciel?!
Ah? Marciel is not at home
This is the first time Marciel left home after leaving a message.
What kind of urgent matter is it?
How could... anything happen..
Snacks at left at the usual place on the cupboard
There is something urgent, I'll be out for a while. I will be back soon, please be obedient and wait for me.
Nothing will happen...
Now, as long as I believe he 'will be back soon', and wait, but!

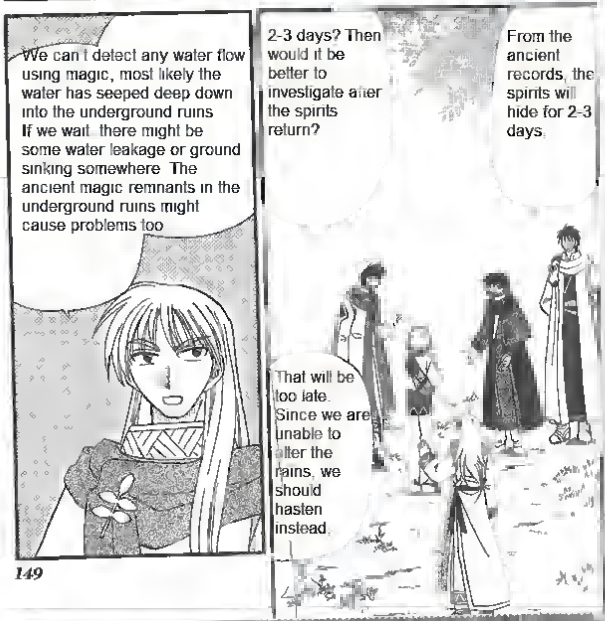


Why? Why am I feeling so uneasy!
たったった
I forgot! I'm not the only one with the ability of the moon!
Only those with the same abilities can sense it, that's why Crystal Princess didn't notice it!

Quickly!
Then I have to inform him!
There is still Kadio!
Since Kadio arrived at Corsellel he has been hiding it so no one else should know
To the Northern Forest!!

How about we use winds to scatter the cloud cover-
Then we won t be able to ask it to change the weather
Hey!
!
There is one very far away, at the other end of the mountain, sending clouds and winds over to Corselle!
What!? The cloud cover is so thick, but the spirits didn t come out?
スーン
ハァハァ…
Since there is still some time before it rains, there should be something we can do Just that
The air spirits are very scary when angered, especially when there are changes to the weather without informing them.
As expected, there are no air spirits
The usually noisy forest spirits are missing too, and the outside spirits refuse to come near, what happened?
Hey!

The spring has been drying up for some time We heard that from the great spirit of the land the cries only started yesterday
No I don t think so
So does this has something to do with the dried up spring?



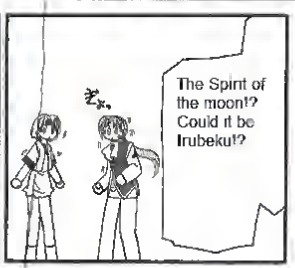
We can t detect any water flow using magic, most likely the water has seeped deep down into the underground ruins If we wait there might be some water leakage or ground sinking somewhere The ancient magic remnants in the underground ruins might cause problems too
2-3 days? Then would it be better to investigate after the spirits return?
From the ancient records, the spirits will hide for 2-3 days.
That will be too late. Since we are unable to alter the rains, we should hasten instead.

I wanted to ask the great spirit of the land about this situation Yes, have you heard about the spirits?
Did you know what happened ?

Mr Rambalus!
Sorry, sorry. We took another path and ended up late.

What's wrong, Lync?
... The dragon beside Mr Rambalus, he seems to be the previous trainee dragon, Rashe.
Yes.

Ah, that's right
The only moon spirit of Corseltel is the "Sleeping moon spirit Coserude" ?
And you don't need to shout.



The Spirit of the moon!? Could it be Irubeku!?

Doesn t this mean Yuicy don t have any say in this? Although she is a trainee dragon, but her dragon mage doesn't rely on her, this
But,
of course
I promised her, once I m done, I ll go on a picnic with them And she still has to tidy the house, and help the little kids change the bedsheets
Ahaha
Relax a bit!
Thank you for your concern, Lync
Right now maybe there is no other choice But she is surely worried about you! Yuicy Yuicy is surely worried about Mr Rambalus
ぽん

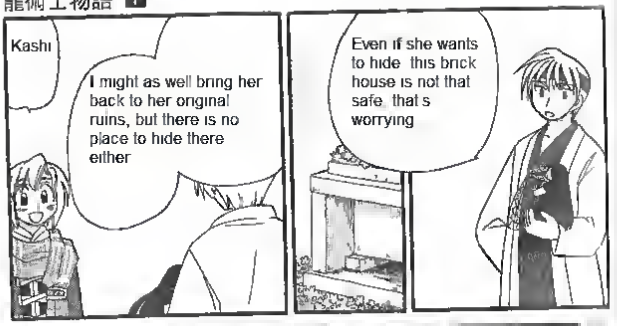
Investigating the underground ruins Why do you have to ask the previous trainee dragon!?
Mr Rambalus!
No no if I can see the great land spirit I don't mind waiting a few days
Furthermore, since Roshe has come here despite his heavy schedule, we should get underground quickly before it rains.
Because he's always like this! Yuicy is his trainee dragon after all-
Lync!
Lync!!
Lync, if it is you, will you bring Yuicy to such a dangerous place?
Not only are you abandoning her, but you are using someone else's help, this is too much!
Mr Rambalus' trainee dragon is Yuicy right!

We're depending on you!!
Ah, is this so I get it, I get it
It's only because if the wind and water dragon mages are above ground even if it rains, there is a way to guide the water to the spring! Once the water leaves the spirits control we can easily guide it using dragon magics!
Ah!?
!?
Teacher!! I'll bring Yuicy over!!
Kadio has always been a lot of strange person
Isn't Kadio acting strange recently?
Since it isn't dangerous here and we have to wait If Yuicy is here, where she can help immediately if anything happens, she should be more at ease too!
It's alright right!?
Jen!!

Is it so? Then let's start quickly before it rains
There are only ancient magics left there
Kadio, seems like if we tunnel down from the nearby ruins, we can reach the underground ruins
Mileu!
!
This is the same reason why Rambalus didn't bring Yuicy along
Mileu and Elle will stay here and watch the weather
Mileu and Elle will stay here and watch the weather
Elle Elle
Ahahaha
Aren't we investigating the water flow!? Why isn't the water dragon mage coming along!?

I've ran as fast as I could, why can't I catch up with Rambalus?
I've wanted to catch up with him before he reached the Northern springs
What was Jen?
Why would she fly here?
Ah yes! With earth dragon magics it is possible to cut through the forest quickly without getting lost
But since I'm here already, if I return to get the magic tools needed, it should be faster to continue on to the spring ?
What to do
followed the path and took a longer route
Oh no!! If I had used wind dragon magics I could have arrived sooner!

Yes
Waiting in a place where she can't do anything, it'll only make her heart ache
Yes!
Go Jen
Go Jen!
Wait Mlleu! Is this really fine!?



Kashi
I might as well bring her back to her original ruins, but there is no place to hide there either
Even if she wants to hide this brick house is not that safe, that's worrying

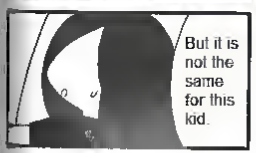
As a spirit, the strong should protect the weak.
You must have visited Rintete because you are worried about her right!? You are such a good person!

There's no difference to me-
He can always say stuff that make people blush so easily each time.
He can always say stuff that make people blush so easily each time.

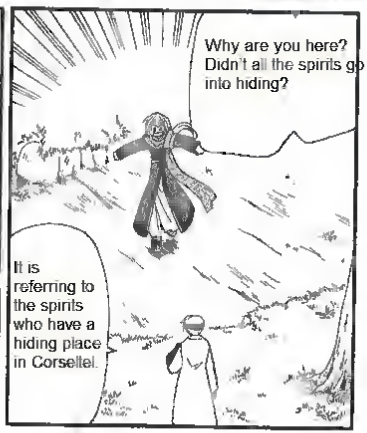
What are you doing here, Nanny mage?

Rintete?
Kashi?
!?

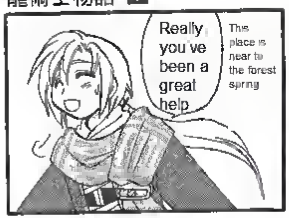
Since it is just the cries of the moon, I'm not so scared that I have to hide, and there is no need to
Ha ha!



But it is not the same for this kid.



Why are you here? Didn't all the spirits go into hiding?
It is referring to the spirits who have a hiding place in Corseltel.

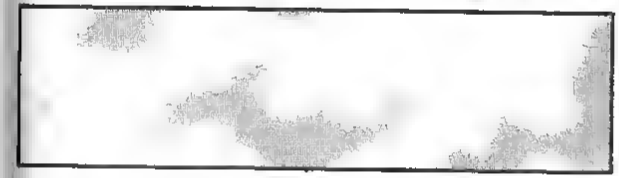


Really, you've been a great help
This place is near to the forest spring

Since it's on the way, it's no problem
Thanks Kashi!

It's earth dragon magic
What's wrong?

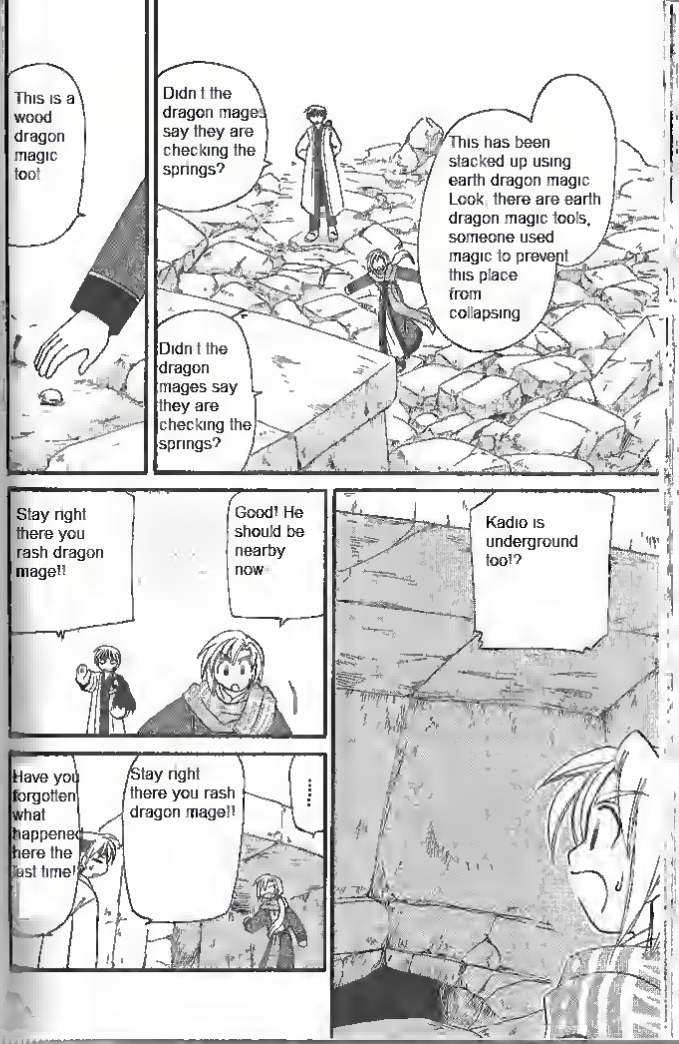
If you are flying, I have a request would you mind?



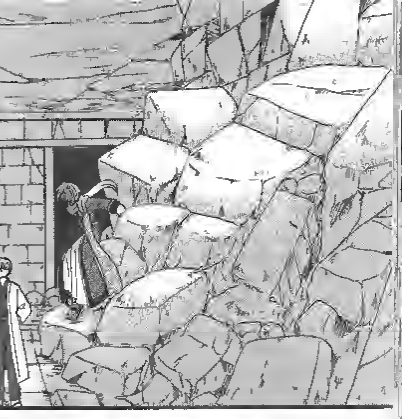
すとん

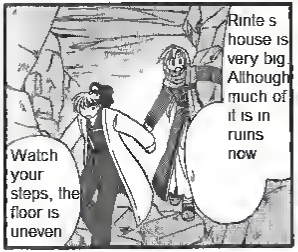
ヒュウ…

Then what should I do?
And now, a lot of tunnels have collapsed; you actually want to go in alone?
The underground is like a maze with many paths. The last time you were found by the baby dragons
Ah
Ah?
Ask someone to lead the way
Rinte, can I depend on you?
That's it!
Although her power isn't as strong as before, but she knows these ruins better than anyone

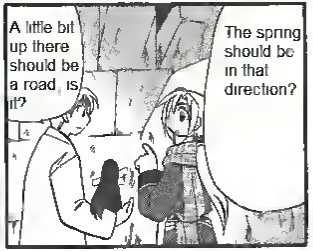


This is a wood dragon magic too!
Didn't the dragon mages say they are checking the springs?
This has been stacked up using earth dragon magic. Look, there are earth dragon magic tools, someone used magic to prevent this place from collapsing
Didn't the dragon mages say they are checking the springs?
Stay right there you rash dragon mage!!
Good! He should be nearby now
Kadio is underground too!?
Have you forgotten what happened here the last time!
Stay right there you rash dragon mage!!





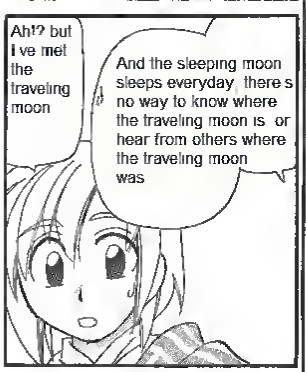
Watch your steps, the floor is uneven
Rinle s house is very big Although much of it is in ruins now



A little bit up there should be a road, is it?
The spring should be in that direction?

Ah?
?
Kashi do you know what kind of spirit is the spirit of the moon?

I've never met the moon spirits but this is what everyone says
How would I know



Ah!? but I've met the traveling moon
And the sleeping moon sleeps everyday there s no way to know where the traveling moon is or hear from others where the traveling moon was

I was brought to Corsellet by a moon spirit
What!?
!?

Crystal princess said, the sleeping moon spirit will cry in her sleep, wanting to meet the traveling now
But the traveling moon never answers her call
Why doesn't the traveling moon go find the sleeping moon?

Woah!
!
Of course, if there is the chance-
You're not going to challenge the moon spirit to a fight are you!?

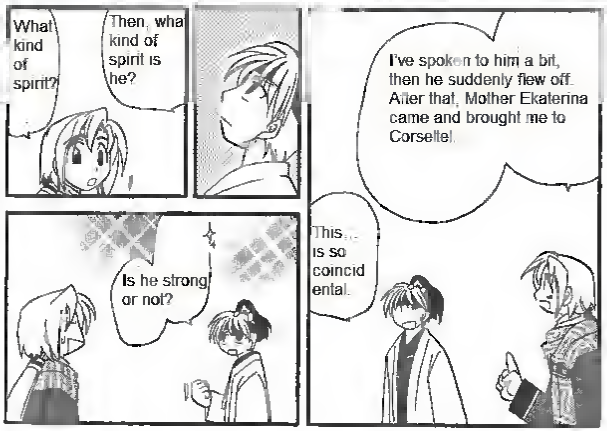
He appeared in the moonlight, saying he is the spirit of the moon
Back then... when I was very small, to find my missing uncle, I went down the river, and...



What kind of spirit?
Then, what kind of spirit is he?
I've spoken to him a bit, then he suddenly flew off. After that, Mother Ekaterina came and brought me to Corseltel.
Is he strong or not?
This... is so coincid ental.

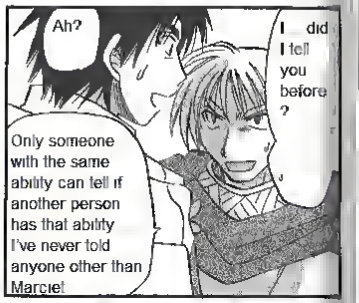
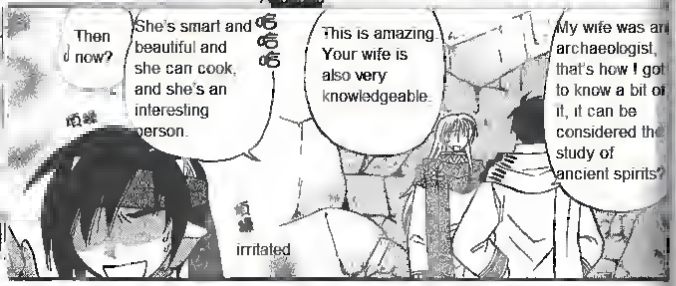
No, you've mentioned the name Irabeku just now
Oh!
I only know about the name's origins



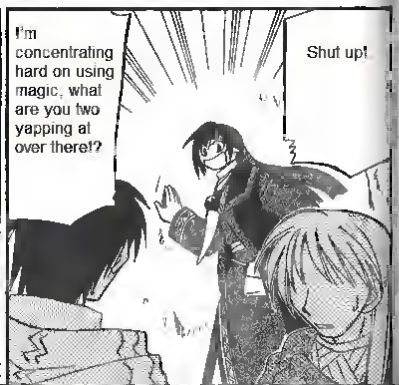
Ah?
I... did I tell you before?
Only someone with the same ability can tell if another person has that ability. I've never told anyone other than Marciel.

Ahahaha



Then... now?
She's smart and beautiful and she can cook, and she's an interesting person.
This is amazing. Your wife is also very knowledgeable.
My wife was an archaeologist, that's how I got to know a bit of it, it can be considered the study of ancient spirits?
irritated

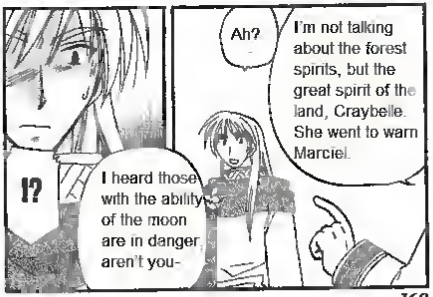
It isn't so easy!! Everything's damaged here, and there are magic seals everywhere!!
Sorry, sorry. Have you found any suitable paths? Or should we move the rocks?



I'm concentrating hard on using magic, what are you two yapping at over there!?
Shut up!

Didn't you say the spirits fear the cry of the moon spirit? That's why they are hiding. Even if they look for me I can't do anything. Really, before you informed me I didn't know anything, that's why I left my trainee dragons at home in case anything happens
Why didn't the spirits go over to your place?
No, not that.

Urgh!



!?
I heard those with the ability of the moon are in danger, aren't you-
Ah?
I'm not talking about the forest spirits, but the great spirit of the land, Craybelle. She went to warn Marciel.

Hey! The ruins are going to collapse!
You'll be in Danger!
ガラ

Ah!? Why do you have them?
Then use this!
But I didn't bring any magic tools
You come help too!

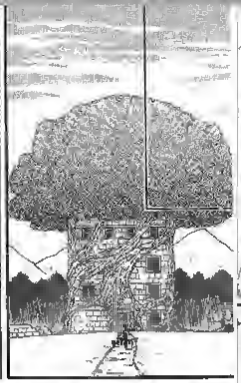
There is an instant... I had a very bad feeling, but it vanished shortly. It's making me more uneasy.
It isn't really nothing...

Then we won't be able to be with Marciel
But Spirit sis said we cannot go out and used dragon magic with Marciel
But Marciel said he will be back soon, and he isn't back yet
If vanished? Doesn't it mean it's fine?

Nata
Will he discuss more things with me? Rely on me more? And he won't go out alone again?

If... I'm a trainee dragon will Marciel bring me along?

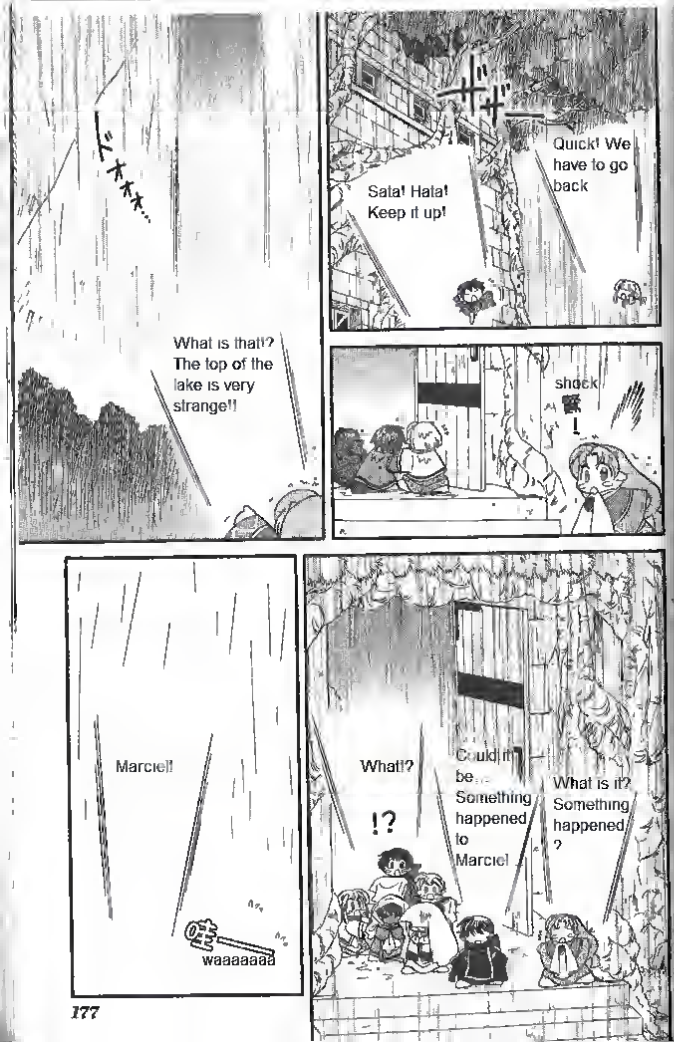


d'h

And you didn't feel anything bad happen to Marciel right?! No injuries or being caught?

No! Spirit sis said we can't go out today!
Don't stop me. I'm going to find Marciel.

What!?
!?
Good!
Then let's go!!
!!
I only have one wish, which is to be with Marciel
It's that simple.
Who
No! Sala! If we don't listen to spirit sis, what if we are taken from Marciel's side
I still want to go find Marciel!
Ah
♪
Who can bring me bring us to Marciel's side?
No, I'm wrong!
Ah!?
!?
I've wanted to be a trainee dragon to protect Marciel!! But now!! I can't do anything! I can only worry!
Yes, my wish
Listening to what he has to say being by his side, I can do this anytime! Why did I think I can only do this when I'm a trainee dragon!?



ドオオオ…
What is that!? The top of the lake is very strange!!
Sata! Hata! Keep it up!
Quick! We have to go back

Marcie!!

What!?

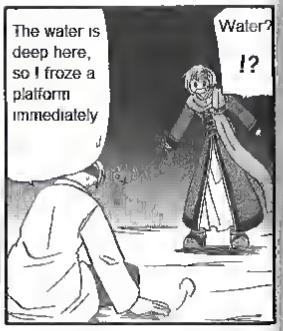
Could it be... Something happened to Marcie!
What is it? Something happened?

Alright then let's go-
That's right! As long as we don't use dragon magics!
Spirit sis say we cannot use dragon magics!

What s wrong!? Are you injured?!
Be quiet You're too noisy

Immediately ? But everything is frozen–
Kashi?

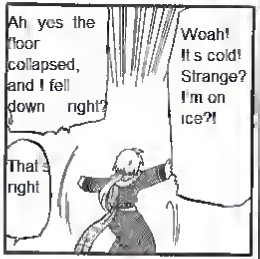


The water is deep here, so I froze a platform immediately
Water?
!?

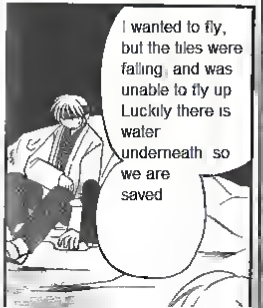
Just how much underground water did I freeze!?
I only wanted to make a platform to land But my power went out of control Damn it, it's making me so tired

Strange?

The baby dragons are crying!?



Ah yes the floor collapsed, and I fell down right?
That's right
Woah! It's cold! Strange? I'm on ice?!



I wanted to fly, but the tiles were falling, and was unable to fly up Luckily there is water underneath so we are saved

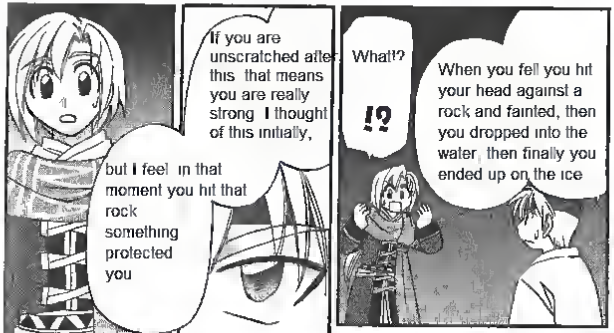
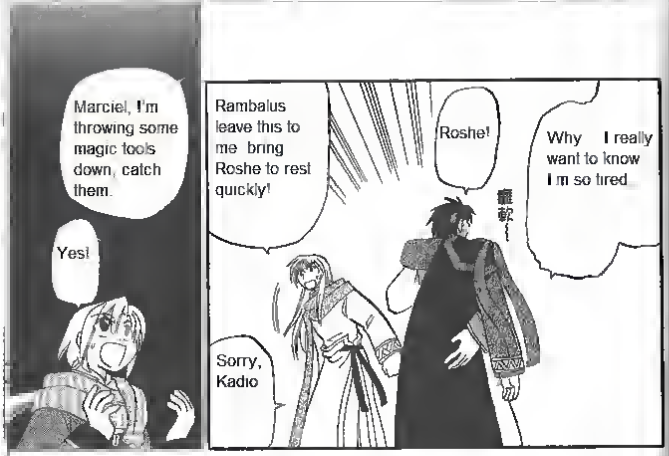
If the water is flowing back, it means the water source has been found, and they managed to reroute it back right?
Elle!! The spring water is flowing out!
Huh!?

Injured? That would be you instead

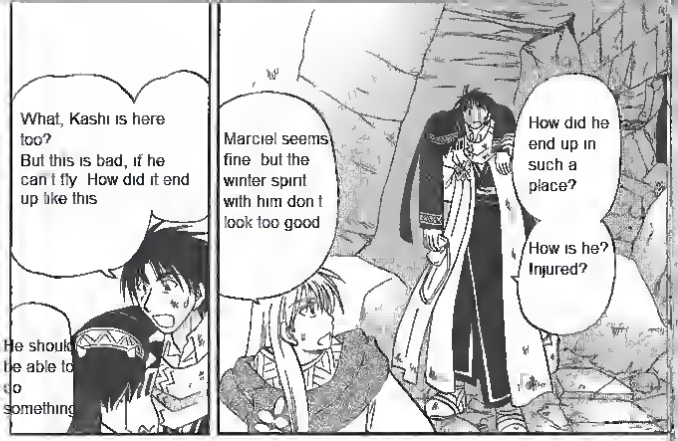


If you are unscratched after this that means you are really strong I thought of this initially,
but I feel in that moment you hit that rock something protected you
What!?
!?
When you fell you hit your head against a rock and fainted, then you dropped into the water, then finally you ended up on the ice



Marciel, I'm throwing some magic tools down, catch them.
Yes!
Rambalus leave this to me bring Roshe to rest quickly!
Roshe!
Why I really want to know I'm so tired
Sorry, Kadio

Ah!?
!?
We'll stay here, go speak with him and go home quickly
I froze so much ice by accident, but at least this is the place I feel most comfortable staying
And she is to return to these ruins, staying makes no difference
The wood dragon mage you have been looking for is here to fetch you, that's good



What, Kashu is here too?
But this is bad, if he can't fly How did it end up like this
He should be able to do something
Marciel seems fine but the winter spirit with him don't look too good
How did he end up in such a place?
How is he? Injured?

Hey Roshe, hang in there!
As long as there are magic tools he can use any kind of magic
To investigate the ancient magic in these ruins, I prepared an entire set of magic tools
Although the Sacred Stone of Earth was shattered by your use
Do something?

When I was using earth dragon magics, I only wanted to fortify the way back but instead fortified the entire ruins
I'm fine, I just used too much magic but

Then ... then I'm only causing trouble by coming here...
ガーン
Ah, don't worry about it. After all you were here because you are worried about me

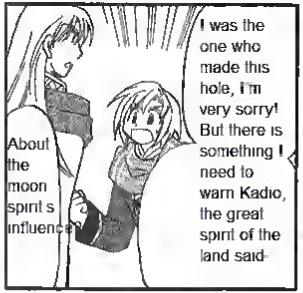
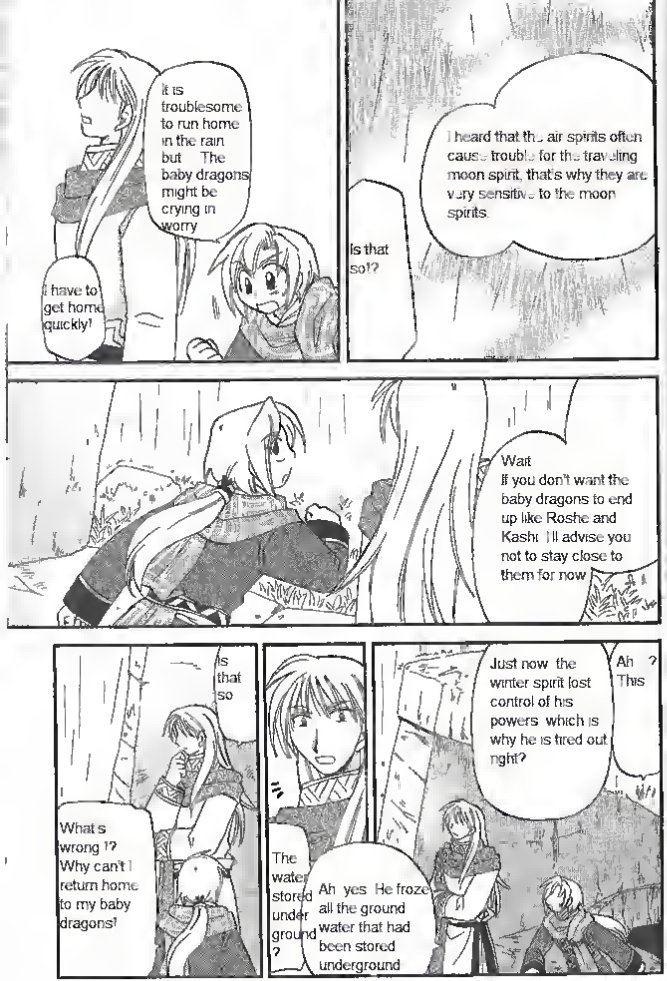
Marcie!!



About the moon spirit's influence?
I was the one who made this hole, I'm very sorry! But there is something I need to warn Kadio, the great spirit of the land said-

I'm sorry!
!



It is troublesome to run home in the rain but The baby dragons might be crying in worry
I have to get home quickly!
I heard that the air spirits often cause trouble for the traveling moon spirit, that's why they are very sensitive to the moon spirits.
Is that so!?
Wait
If you don't want the baby dragons to end up like Roshe and Kashi I'll advise you not to stay close to them for now
Is that so
What's wrong!? Why can't I return home to my baby dragons!
The water stored under ground?
Ah yes He froze all the ground water that had been stored underground
Just now the winter spirit lost control of his powers which is why he is tired out right?
Ah ? This

We won't be able to fly back with magic tools like this... Ah? Those grass... Ah, so the wood dragon magic tool at the entrance is used to shelter the rain.
It was earlier than I predicted
Woah, it is raining very heavily
Perhaps, it was because the moon spirit woke which is very the air spirits let it rain in panick and quickly headed home
That is the cry of the moon spirit?
That voice just now that's the voice of the sleeping moon spirit

Omake (?)

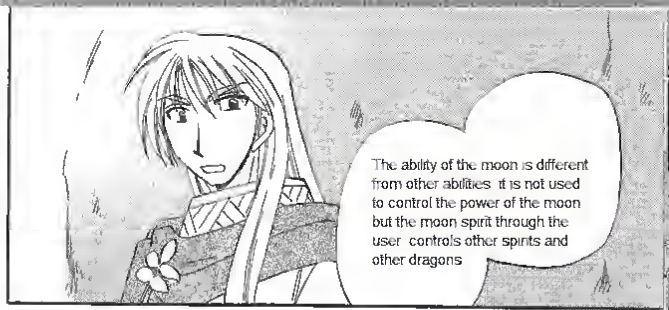
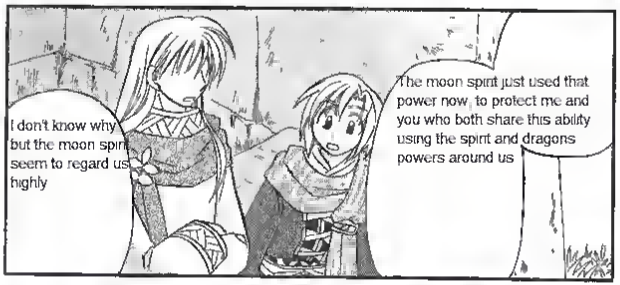
小小的一步

A small step

If it starts to rain before he reaches home
If he is afraid of causing any trouble I could have accompanied him
He never brings me out
Even so,
He comes home late recently and today he is with Roshe-san
And he didn't bring the bento along although he said he will be back soon
should I have forced him to bring an umbrella?



The ability of the moon is different from other abilities it is not used to control the power of the moon but the moon spirit through the user controls other spirits and other dragons



I don't know why but the moon spirit seem to regard us highly
The moon spirit just used that power now, to protect me and you who both share this ability using the spirit and dragons powers around us

If even an adult dragon can be this tired out, then if anything happens to you, and there are only baby dragons around you... what do you think will happen?

I'm a trainee dragon. Of course I'll be very worried if my dragon mage gets caught in the rain and catch a cold!!
How? If you want to wait for him at home, it is fine too-
I'm going!!
I'll be near where teacher is...
Even if he is unwilling to bring me out
Teacher left without an umbrella!! I was just thinking if I should bring it to him! I'm already prepared, let's go!
If there is reason for me to follow him, I'll go. This is how I feel
